CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 2 of 2	FINAL
----------------------------------	----------------------------	----------------------------------	----------------	-------

GENERAL INFORMATION

The purpose of this modification is to provide incremental funding for base period CLINs 7001 and 9001.

The Line of Accounting information is hereby changed as follows:

The total amount of funds obligated to the task is hereby increased from \$150,000.00 by \$220,000.00 to \$370,000.00.

CLIN/SLIN	Type Of Fund	From (\$)	By (\$)	To (\$)
7001AC	O&MN,N	0.00	210,000.00	210,000.00
9001AC	O&MN,N	0.00	10,000.00	10,000.00

The total value of the order is hereby increased from \$2,359,852.00 by \$0.00 to \$2,359,852.00.

CLIN/SLIN	From (\$)	By (\$)	To (\$)
7001AA	1,722,888.00	(210,000.00)	1,512,888.00
7001AC	0.00	210,000.00	210,000.00
9001AA	486,964.00	(10,000.00)	476,964.00
9001AC	0.00	10,000.00	10,000.00

The Period of Performance of the following line items is hereby changed as follows:

CLIN/SLIN	From	To
7001AC		9/26/2014 - 9/25/2015
9001AC		9/26/2014 - 9/25/2015

1. Informational SLINs have been added to Section B in order to accommodate incremental funding in this modification.
2. ACRNs, Lines of Accounting, Requisition Numbers and other financial information associated with this modification appear at the end of Section G.
3. In Section H, the clauses FUNDING PROFILE and SEA 5252.232-9104 ALLOTMENT OF FUNDS are updated to reflect the funding changes in this modification. Invoice Instructions apply to this task order per Section G.

A conformed copy of this Task Order is attached to this modification for informational purposes only.

		Option			

B.1 TYPE OF ORDER

This task order is a term (Level of Effort) type order.
Items in the 7xxx series are cost plus fixed fee type.
Items in the 9xxx series are cost only, excluding fee.

B.2 ADDITIONAL CLINS

Additional CLINs may be unilaterally created by the Contracting Officer during the performance of this Task Order to accommodate the multiple types of funds that may be used under this Order. These modifications will not change the overall level of effort, estimated cost or incentive fee of the Task Order.

B.3 HQ B-2-0021 CONTRACT SUMMARY FOR PAYMENT OFFICE (COST TYPE) (NAVSEA) (FEB 1997)

This entire task order is cost reimbursable. The Labor CLINs are Cost Plus Fixed Fee (CPFF) and ODC CLINs are Cost Only.

B.4. FINALIZED FIXED FEE

If the total level of effort for each period specified in Section H, 5252.216-9122 LEVEL OF EFFORT - ALTERNATE 1 (MAY 2010) is not provided by the contractor during the period of this order, the Contracting Officer, at their sole discretion, shall finalize fee based on the percent of hours provided in relation to the fixed fee. For example, if 90% of the hours were provided, the contractor is entitled to 90% of the fixed fee.

FEE RATE: The following table is to be completed by offeror and reflects the hourly rate to be billed.

	Fixed Fee Amount	Number of Man-Hours	Rate (Fee per Man-Hour)
Base Period	\$53,957	21,734	\$2.48
Option Period 1	\$61,972	23,622	\$2.62
Option Period 2	\$63,918	23,561	\$2.71

The above fee calculation applies to all periods regardless of the level of funding. This task order will be incrementally funded and budgetary constraints may prevent full funding of all periods. The process for finalizing the fixed fee is the same for both fully funded periods and periods funded at less than the estimated total cost-plus-fixed-fee.

In accordance with FAR 52.216-8, Fixed Fee, 10% (not to exceed \$100,000) of the fee payment may be reserved.

CLAUSES INCORPORATED IN FULL TEXT:

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 3 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	-----------------	-------

B.5 HQ B-2-0015 PAYMENTS OF FEE(S) (LEVEL OF EFFORT–ALTERNATE 1) (NAVSEA) (MAY 2010)

(a) For purposes of this task order, “fee” means “target fee” in cost-plus-incentive-fee type contracts, “base fee” in cost plus-award-fee type contracts, or “fixed fee” in cost-plus-fixed-fee type contracts for level of effort type contracts.

(b) The Government shall make payments to the Contractor, subject to and in accordance with the clause in this contract entitled “FIXED FEE” (FAR 52.216-8) or “INCENTIVE FEE”, (FAR 52.216-10), as applicable. Such payments shall be submitted by and payable to the Contractor pursuant to the clause of this contract entitled “ALLOWABLE COST AND PAYMENT” (FAR 52.216-7), subject to the withholding terms and conditions of the “FIXED FEE” or “INCENTIVE FEE” clause, as applicable, and shall be paid fee at the hourly rate(s) specified above per man-hour performed and invoiced. Total fee(s) paid to the Contractor shall not exceed the fee amount(s) set forth in this contract. In no event shall the Government be required to pay the Contractor any amount in excess of the funds obligated under this contract.

B.6 HQ B-2-0020 TRAVEL COSTS - ALTERNATE I (NAVSEA) (DEC 2005)

(a) Except as otherwise provided herein, the Contractor shall be reimbursed for its reasonable actual travel costs in accordance with FAR 31.205-46. The costs to be reimbursed shall be those costs accepted by the cognizant DCAA.

(b) Reimbursable travel costs include only that travel performed from the Contractor's facility to the worksite, in and around the worksite, and from the worksite to the Contractor's facility.

(c) Relocation costs and travel costs incident to relocation are allowable to the extent provided in FAR 31.205-35; however, Contracting Officer approval shall be required prior to incurring relocation expenses and travel costs incident to relocation. Relocation costs will only be considered if they are on the allowable ODC list in Section G.

(d) The Contractor shall not be reimbursed for the following daily local travel costs:

(i) travel at U.S. Military Installations where Government transportation is available,

(ii) travel performed for personal convenience/errands, including commuting to and from work, and

(iii) travel costs incurred in the replacement of personnel when such replacement is accomplished for the Contractor's or employee's convenience.

----------------------------------	----------------------------	----------------------------------	-----------------	-------

SECTION C DESCRIPTIONS AND SPECIFICATIONS

PERFORMANCE WORK STATEMENT

SECTION C – DESCRIPTION/SPECIFICATION/WORK STATEMENT

C.1 BACKGROUND

The Naval Surface Warfare Center, Dahlgren Division (NSWCDD) – Chemical, Biological, & Radiological Defense Division Z20/Z22 Branch has been designated as the Emergency Management and Chemical, Biological, Radiological, and Nuclear Capability Area Systems Engineer (EM / CBRN CASE) for the Navy Facilities Engineering Systems Command Antiterrorism / Force Protection Ashore (NAVFAC ATFP ASHORE) program office.

In such capacity, Z20 / Z22 has been tasked to support current and future EM and CBRN defense research, development, and acquisition activities on behalf of Commander Naval Installations Command (CNIC).

In support of this effort, NSWCDD has the charter to:

- Develop and maintain an EM / CBRN capability and systems strategy.
- Recommend Navy RD&A processes and capabilities to address current EM / CBRN capability gaps and needs identified.
- Define and implement a business process to support development and evaluation of EM / CBRN proposals. Provide Navy Research, Development & Acquisition (RD&A) expertise at appropriate DoD and service EM / CBRN working-level and decision-making venues.
- Develop and maintain awareness of the technical and programmatic status of EM / CBRN CASE technology development efforts, as well as the deployment status and operational effectiveness of deployed EM / CBRN technologies.
- Refine FFC/CNIC Requirements Identification Process (pertinent to EM / CBRN Capabilities).

C.2 SCOPE

Contractor support shall be provided to the Asymmetric Systems Department Chemical, Biological, & Radiological Defense Division Z20/Z22 Branch. The Contractor shall provide technical support services for the EM / CBRN CASE. This support shall be provided in the general Work Areas of: EM Requirements Development and Analysis Support, Integrated Project Team Support, Meeting and Presentation Support, Implementation and Training Support, Medical EM Support, Naval Facilities EM Support, and Programmatic Support. Each of these general areas is further described in the following paragraphs.

C.3 APPLICABLE DOCUMENTS

The following instructions and regulations are helpful in the understanding of the SOW performance requirements:

- DODI 2000.18 DoD Installation CBRNE Emergency Response Guidelines
- DODI 2000.16 DoD Antiterrorism (AT) Standards
- DoD Handbook 0-2000.12-H(Series) Protection of DoD Personnel and Assets from Acts of Terrorism (5April 2001)
- CNIINST 3440.17 (Series) Navy Shore Installation Emergency Management Program Manual
- OPNAV Instruction 3440.17(Series) Navy Shore Installation Emergency Management Program (Draft)

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 5 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	-----------------	-------

- DoD Concepts of Operation for CBRNE Preparedness for U.S. Military Installation & Facility Preparedness (Draft)

- OPNAV Instruction 5090.1(Series) Environmental and Natural Resources Program Manual (17 Oct 2002)
OPNAV Instruction 5100.23(Series) Navy Occupational Safety and Health (NAVOSH) Program Manual (15 Jul 2002)

- OPNAV Instruction 3440.16(Series) Navy Civil Emergency Management Program (10 Mar 1995) DoD Instruction 6055.6(Series) DoD Fire and Emergency Services Program (10 Oct 2000)

C.4 REQUIREMENTS

The contractor shall provide subject matter expertise in the areas of Emergency Management best practices and technology, requirements analysis, logistics and training support.

C.4.1 Emergency Management Requirements Development and Analysis Support

The contractor shall review requirements, specifications, and other documents related to EM-CBRN defense capabilities. The contractor shall offer advice and guidance, provide written opinions, and play a key role in assessing any materiel and non-materiel solutions presented. The contractor shall draft EM- CBRN related requirements and architectural options white papers to support recommended solutions for EM-CBRN related efforts. The contractor shall technically support NSWCDD Z20/Z22 with the development of detailed requirements and processes for the assessment and evaluation of future technologies and solutions. The contractor shall interface closely with other NAVFAC Capability Area System Engineers / Coordinators (CASEs / CACs); CNIC EM and Functional Managers, pertinent vendors / manufacturers, and the NAVFAC ATRP ASHORE leadership, in completion of this tasking. (CDRL A001/A003)

C.4.2 Integrated Project Team Support

The contractor shall provide technical support to NSWCDD Z20/Z22 throughout the establishment, participation, and conduct of EM / CBRN related integrated project teams (IPT). The contractor shall attend meetings and conferences (CDRL A003). The contractor shall provide assessment reports on emerging technologies (CDRL A004). The contractor will advise the IPT chairs and staff on EM-CBRN related matters, coordinate vendor presentations, provide technology assessments and recommendations, (CDRL A004), and provide other support as required by the IPT chairs.

C.4.3 Meeting and Presentation Support

The contractor shall provide technical support to NSWCDD Z20/Z22 in developing and presenting any findings and recommendations to CNIC's EM Working Group, their EM/CBRN functional leadership and staff, and other pertinent organizations. The contractor shall coordinate vendor and technology demonstrations to illustrate the findings and recommendations being presented. The contractor shall participate in working groups associated with EM policy and doctrine development.

C.4.4 Implementation and Training Support

The contractor shall provide technical support to NSWCDD Z23 in the implementation of selected materiel and non-materiel solutions. The contractor shall liaison with the impacted Commands and Facilities, ensuring a smooth installation. The contractor shall oversee the implementation of selected technologies. The contractor shall monitor and conduct implementation training. The contractor shall oversee and evaluate the execution of any formal certification test events for the installation. The contractor shall assist NSWCDD Z20/Z22 with execution of the certification tests. (CDRL A001)

C.4.5 Medical Emergency Management Support

The contractor shall provide technical support regarding the integration of medical requirements and solutions into the overarching facilities protection and risk mitigation strategies. The contractor shall support the Medical Protection and Medical Surveillance Capability Area Coordinators on matters regarding Medical Protection, Medical Surveillance, and Medical CBRN defense preparedness capabilities.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 6 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	-----------------	-------

The contractor shall liaison with the Bureau of Medicine Anti-Terrorism Force Protection (BUMED ATRF) leadership and together, develop Navy Installation Medical mitigation strategies and approaches. The contractor shall assist in inspection of equipment and training of personnel in the proper operating procedures of CBRN systems.

C.4.6 Naval Facilities Emergency Management Support

The contractor shall provide support in the assessment of risk to US Naval and Support facilities and the impact and efficacy of various mitigation strategies. The contractor shall monitor EM preparedness plans, exercises, and other events to determine the state of preparedness relative to requirements solutions provided by the CASE. The contractor shall coordinate with the various EM managers and Emergency Operations Center leads to evaluate the requirements and solutions and to provide recommendations to the EM/CBRN CASE on modifications, mitigations, or alternative solutions. The contractor shall coordinate with Naval Regions in the development of resource databases and assist through the development of best practices. (CDRL A001)

C.4.6.1 The contractor shall provide overall systems engineering and development support to the Advanced C4I and EM Capabilities (ACEC) demonstration in support of Anti-Terrorism / Force Protection (AT/FP) and EM related missions. This effort includes application development, systems design and engineering, Information Assurance, system documentation and the development of Quick Reference Guides and Training Manuals. The contractor shall assist in developing the future capabilities of ACEC to include configuration management and systems integration. (CDRL A001)

C.4.7 Programmatic Support

The contractor shall provide programmatic support to the CASE for projects and reports under CASE cognizance. This support shall include coordination of meeting dates, project deliverables, reports and white papers, and other documentation to coordinate efforts with CNIC, NAVFAC ATRF ASHORE, and other CASE managers.

C.4.8 Progress Report

The Contractor shall produce a monthly progress report IAW CDRL A002.

C.5 DATA DELIVERABLES

A Contract Data Requirements List (CDRL) for this requirement is provided as Exhibit A. CDRLs shall be delivered electronically unless otherwise stated and while contractor's format is acceptable, Government's approval is required from the COR.

C.6 IN-PROGRESS REVIEW (IPR)

The contractor shall participate in formal and informal IPRs of work being performed. Formal reviews will be scheduled by the contractor. Formal reviews will be held approximately every 6 months unless waived by the Government. Informal reviews will be scheduled by the Government. At the time the review is scheduled, the Government will communicate the specific purpose of the review and advise the contractor as to the desired content of the presentation.

C.7 LABOR TRIPWIRE JUSTIFICATION

(a) The contractor shall advise the COR and the Contract Specialist, by e-mail, if the pending addition of any individual (Key or non-Key) will be at fully burdened average labor rate (including pass-through and/or target fee) that exceeds the labor tripwire amount. The contractor shall not proceed with the addition until the contractor is advised by the Contract Specialist that the request has been approved.

(b) The contractor's request shall include: the proposed individual's resume, labor hourly rate build-up, labor hours per work year, detailed justification for the addition of the particular individual based on his/her technical expertise and projected technical impact on the Task Order. If the individual is a subcontractor or consultant, the rate build-up shall include the prime contractor's pass through rate.

(c) Currently, the fully burdened average labor rate of \$156/hour or greater, regardless of the number of labor hours the proposed individual (prime, subcontractor, or consultant) will work. The contractor will be advised of any changes to this tripwire level that occur during performance. All Fully Burden Average Labor Rate of \$156/hour or

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 7 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	-----------------	-------

greater shall require the COR and the PCO's review and written approval.

C.8 SECURITY

(a) The Department of Defense Contract Security Classification Specification (DD Form 254) (Attachment J.1) provides the security classification requirements for this order. The contractor shall obtain facility and personnel security clearances as required by the Department Industrial Security Program prior to starting to work on tasks requiring clearances. Access to classified spaces and material and generation of classified material shall be in accordance with the attached DD Form 254.

(1) Facility Clearance: The contractor shall possess and maintain a SECRET facility clearance as verified within the Industrial Security Facility Database.

(2) Physical Security: The contractor shall be responsible for safeguarding all Government information or property provided for contractor use. At the end of each work period, Government information, facilities, equipment and materials shall be secured as specified by the NISPOM and the NSWCDD Command Security Manual. SECRET storage is required at the contractor's facility in order to meet requirements of receiving and generating classified material in accordance with this contract.

(b) The contractor shall require access to Non-SCI intelligence in order to utilize intelligence documents in support of this contract. Non-SCI intelligence data is needed to support and provide the system engineering, software development, and maintenance of Navy tactical initiatives and spiral and baseline developments to support NSWCDD. NATO is required for SIPRNET access. For Official Use Only (FOUO) and Personally Identifiable Information (PII) generated and/or provided under this contract shall be safeguarded and marked as specified in DoD 5400.7-R Chapters 3 and 4. The contractor will need to receive classified material, in accordance with all applicable Security Classification Guides listed on the DD 254 in support of this contract.

C.9 ELECTRONIC SPILLAGES

(a) Electronic spillages (ES) are unacceptable and pose a risk to national security. An electronic spillage is defined as classified data placed on an information system (IS), media or hardcopy document possessing insufficient security controls to protect the data at the required classification level, thus posing a risk to national security (e.g., sensitive compartmented information (SCI) onto collateral, Secret onto Unclassified, etc). The contractor's performance as it relates to ES will be evaluated by the Government. ES reflects on the overall security posture of the Government and a lack of attention to detail with regard to the handling of classified information of IS security discipline and will be reflected in the contractor's performance rating. In the event that a contractor is determined to be responsible for an ES, all direct and indirect costs incurred by the Government for ES remediation will be charged to the contractor.

(b) NSWCDD Command Security will continue to be responsible for the corrective action plan in accordance with the security guidance reflected on the DOD Contract Security Classification Specification - DD254. Command Security will identify the contractor facility and contract number associated with all electronic spillages during the investigation that involve contractor support. Command Security will notify the Contracts Division with the contractor facility name and contract number, incident specifics and associated costs for cleanup. The Contracting Officer will be responsible to work with the Contractor Facility to capture the costs incurred during the spillage clean up. The Contractor is also responsible for taking Information Security Awareness training annually, via their Facility Security Officer (FSO), as part of the mandatory training requirements. If a spillage occurs additional training will be required to prevent recurrence.

Portable Electronic Devices (PEDs)

Non-government and/or personally owned portable electronic devices (PEDs) are prohibited in all NSWCDD buildings with the exception of personally owned cell phones which are authorized for use in spaces up to and including Controlled Access Areas. The contractor shall ensure the onsite personnel remain compliant with this PED policy. NSWCDD instruction defines PEDs as the following: any electronic device designed to be easily transported, with the capability to store, record, receive or transmit text, images, video, or audio data in any format via any transmission medium. PED's include, but are not limited to, pagers, laptops, radios, compact discs and cassette players/recorders. In addition, this includes removable storage media such as flash memory, memory sticks, multimedia cards and secure digital cards, micro-drive modules, ZIP drives, ZIP disks, CD-RWs, DVD-RWs, MP3 players, iPads, digital picture frames, electronic book readers, kindle, nook, cameras, external hard disk drives, and

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 8 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	-----------------	-------

floppy diskettes.

PED's belonging to an external organization shall not be connected to NSWCDD networks or infrastructure without prior approval from the NSWCDD Information Assurance and Compliance Branch. This approval will be granted using the TARIS form and action tracker process.

Personally owned hardware or software shall not be connected or introduced to any NSWCDD hardware, network or information system infrastructure.

C.10 MANDATORY REQUIREMENTS

Offerors must meet all mandatory requirements at time of proposal submission, or have an acceptable plan to meet the requirements by the start date of contract performance. In addition, Mandatory Requirements must be maintained throughout the life of the task order. The mandatory requirements are as follows:

Requirement 1: Facility Security Clearance:

The prime contractor's facility must be cleared to the SECRET level with at least SECRET storage capability at time of award.

Requirement 2: Personnel Security Clearance:

All Key personnel performing under this task order shall possess a final or interim SECRET clearance at time of award, and shall maintain throughout the period of performance of the task order.

Requirement 3: Approved Accounting System:

The Offeror is required to have an approved Accounting System at the time of award as determined by the Contracting Officer. The contractor shall include with their proposal documentation substantiating an approved Accounting System from DCAA, DCMA, or an independent audit agency.

C.11 POST AWARD MEETINGS

(a) A Post Award Meeting with the successful offeror will be conducted within 15 working days after award of the contract. The meeting will be held at a Government provided location in Dahlgren, VA.

(b) The contractor will be given at least five working days notice prior to the date of the meeting by the Contract Specialist.

(c) The requirement for a Post Award meeting shall, in no event, constitute grounds for excusable delay by the Contractor in performance of any provisions of the Task Order.

(d) A second post award meeting may, if necessary, be held after the receipt of the first invoice to assure that adequate documentation has been received to substantiate the validity of the invoice for the stated period of performance, in accordance with HQ G-2-0007. The contractor will be given at least five working days notice prior to the date of the meeting by the Contract Specialist.

C.12 SKILLS AND TRAINING

The contractor shall provide capable personnel with qualifications, experience levels, security clearances, and necessary licenses, certifications, and training required by Federal, State, and Local laws and regulations. Information assurance functions require certifications specified in DFARS 252.239-7001 INFORMATION ASSURANCE CONTRACTOR TRAINING AND CERTIFICATION. Training necessary to ensure that personnel performing under this contract maintain the knowledge and skills to successfully perform the required functions is the responsibility of the contractor. Training necessary to maintain professional certification is the responsibility of the contractor. Training directly related to this task order may be a direct charge only if the COR and the CO approve of the training in advance. Contractor personnel shall complete all Government mandatory training.

C.13 OTHER DIRECT COSTS (ODCs)

(a) TRAVEL

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 9 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	-----------------	-------

The contractor may be required to travel in performance of this task order. The numbers of trips and types of personnel traveling shall be limited to the minimum required to accomplish work requirements and shall be coordinated with the COR. All travel shall be conducted in accordance with FAR 31.205-46 Travel Costs and the Federal Travel Regulations (FTR) and shall be pre-approved by the COR. The following travel is anticipated:

LOCATION	NUMBER OF TRIPS	DAYS	PEOPLE
Washington, DC Local Trips	12	1	3
Commander Navy Region Southeast (Jacksonville, FL)	3	5	6
Commander Navy Region Southwest (San Diego, CA)	3	5	6
Commander Navy Region Midwest (Great Lakes, IL)	2	5	6
Commander Navy Region South (Corpus Christi, TX)	2	5	6
Commander Navy Region Mid-Atlantic (Norfolk, VA)	4	5	6
Commander Navy Region Northwest (Seattle, WA)	2	5	6
Commander Navy Region Hawaii	2	5	6
Other Overseas Regions (e.g. NAVEUR, NAVCENT)	1	5	6

(b) MATERIALS

During the performance of this task order it may be necessary for the contractor to procure materials to respond to the mission requirements listed in the Performance Work Statement. This task order is issued under a services contract and the procurement of materials of any kind that are not directly related to and necessary for performance may be determined to be unallowable costs pursuant to FAR Part 31. The term "material" includes supplies, parts, equipment, hardware, and Information Technology (IT) resources including hardware, services, and software. Any material provided by the contractor is subject to the requirements of the FAR, DFARS, and the applicable Department of Navy regulations and instructions. Charges related to materials costs may include general and administrative (G&A) expenses but shall not include fee or profit.

The materials shall be the only materials approved for purchase under this task order. If the contractor operates a DCMA-approved purchasing system, individual item purchases equal to or over \$10,000 shall not be executed until the COR reviews the requested purchase and approval is obtained from the Contracting Officer (CO). If the contractor does not operate an approved purchasing system, individual item purchases equal to or over \$3,000 shall not be executed until the COR reviews the requested purchase and approval is obtained from the CO. No purchases of any amount shall be executed by a subcontractor if they do not have a DCAA-approved accounting system.

Materials Allowed as Direct Charge: Software, Supplemental Infrastructure Datasets, Hardware (ICS Support), and Conference/Training Support.

(c) OTHER DIRECT CHARGE ITEMS

Any additional items that are allowed to be direct charged under this order shall be provided by the Contractor at time of proposal.

(d) COSTS EXPRESSLY NOT ALLOWED FOR DIRECT CHARGE

The costs of general purpose business expenses required for the conduct of normal business operations will not be considered allowable direct costs in the performance of the contract. General purpose business expenses include the costs for items such as telephones (including cell phones) and telephone charges, copy machines, word processing equipment, personal computers, and other office equipment and supplies.

(e) INFORMATION TECHNOLOGY (IT) RESOURCES

IT Resources shall not be purchased unless DoD and Navy purchasing procedures have been satisfied and approvals obtained. IT resources include personal computers (PC's), laptops, printers, software, servers, hubs, routers, phones, fax machines, and any related maintenance, telecommunications, training, or other support services.

C.14 TERMINATION OF EMPLOYEES WITH U.S. GOVERNMENT

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 10 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

The Contractor shall ensure that all employees who have a U.S. Government badge and or vehicle sticker turn in the badge and remove the vehicle sticker immediately upon termination of their employment under this order. The above requirement shall be made a part of the standard employee facility clearance procedures for all separated personnel. The Contractor shall advise the U.S. Government of all changes in their personnel requiring base access.

For involuntarily separated personnel and those separated under adverse circumstances, the Contractor shall immediately notify the U.S. Government and make arrangements between the employee and the U.S. Government for the return of the badge and removal of the sticker. In the event the employee is separated in his or her absence, the Contractor shall immediately notify the U.S. Government of the separation and make arrangements between the former employee and the U.S. Government for the return of the badge and removal of the sticker.

C.15 DIGITAL DELIVERY OF DATA

(a) Delivery by the contractor to the Government of certain technical data and other information is now frequently required to be made in digital form rather than in hardcopy form. The method of delivery of such data and/or other information (i.e., in electronic, digital, paper hardcopy, or other form) shall not be deemed to affect in any way either the identity of the information (i.e., as “technical data” or “computer software”) or the Government’s and the contractor’s respective rights therein.

(b) Whenever technical data and/or computer software deliverables required by this contract are to be delivered in digital form, any authorized, required, or permitted markings relating to the Government’s rights in and to such technical data and/or computer software must also be digitally included as part of the deliverable and on or in the same medium used to deliver the technical data and/or software. Such markings must be clearly associated with the corresponding technical data and/or computer software to which the markings relate and must be included in such a way that the marking(s) appear in human-readable form when the technical data and/or software is accessed and/or used. Such markings must also be applied in conspicuous human-readable form on a visible portion of any physical medium used to effect delivery of the technical data and/or computer software. Nothing in this paragraph shall replace or relieve the Contractor’s obligations with respect to requirements for marking technical data and/or computer software that are imposed by other applicable clauses such as, where applicable and without limitation, DFARS 252.227-7013 and/or DFARS 252.227-7014.

(c) Digital delivery means (such as Internet tools, websites, shared networks, and the like) sometimes require, as a condition for access to and/or use of the means, an agreement by a user to certain terms, agreements, or other restrictions such as “Terms of Use,” licenses, or other restrictions intended to be applicable to the information being delivered via the digital delivery means. The contractor expressly acknowledges that, with respect to deliverables made according to this contract, no such terms, agreements, or other restrictions shall be applicable to or enforceable with respect to such deliverables unless such terms, agreements, or other restrictions expressly have been accepted in writing by the Contracting Officer; otherwise, the Government’s rights in and to such deliverables shall be governed exclusively by the terms of this task order.

C.16 INFORMATION SECURITY AND COMPUTER SYSTEM USAGE

In accordance with U.S. Navy policy, any personnel, including the contractor, who utilizes DOD-owned systems shall assume responsibility for adherence to restrictions regarding internet and e-mail usage. Navy policy prohibits racist, sexist, threatening, pornographic, personal business, subversive or politically partisan communications. All personnel, including the contractor, are accountable and must act accordingly. DOD computer systems are monitored to ensure that the use is authorized, to facilitate protection against unauthorized access, and to verify security procedures, survivability and operational security. During monitoring, information may be examined, recorded, copied, and used for authorized purposes. All information, including personal information, placed on or sent over a DOD system may be monitored. Use of a DOD system constitutes consent to monitoring. Unauthorized use may result in criminal prosecution. Evidence of unauthorized use collected during monitoring may be used as a basis for recommended administrative, criminal or adverse action.

C.17 SENSITIVE, PROPRIETARY, AND PERSONAL INFORMATION

Work under this contact may require that personnel have access to Privacy Information. Contractor personnel shall adhere to the Privacy Act, Title 5 of the U.S. Code, Section 552a and applicable agency rules and regulations. Access to and preparation of sensitive information subject to privacy Act and Business Sensitive safeguarding and destruction may be required in the execution of tasking associated with this contract. Administratively sensitive information/data must not be shared outside of the specific work areas. All personnel with

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 11 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

access to privacy act data in support of this contract must sign a privacy act certification.

C.18 NON-DISCLOSURE AGREEMENTS (NDAs)

NDAs may be utilized to allow for access to company sensitive/proprietary data. For tasks requiring NDAs the contractor shall obtain appropriate agreements for all of their employees that are associated with the task requiring such an agreement.

Contractor personnel may be required, from time to time, to sign non-disclosure statements as applicable to specific Performance Work Statement tasking. The COR will notify the contractor of the number and type of personnel that will need to sign the Non-Disclosure agreements. The signed Non-Disclosure Agreements shall be executed prior to accessing data or providing support for information that must be safeguarded and returned to the COR for endorsement and retention. Copies of all executed NDAs shall be provided to the COR.

C.19 NON-PERSONAL SERVICES/INHERENTLY GOVERNMENTAL FUNCTIONS

(a) The Government will neither supervise contractor employees nor control the method by which the contractor performs the required tasks. The Government will not direct the hiring, dismissal or reassignment of contractor personnel. Under no circumstances shall the Government assign tasks to, or prepare work schedules for, individual contractor employees. It shall be the responsibility of the contractor to manage its employees and to guard against any actions that are of the nature of personal services or give the perception that personal services are being provided. If the contractor feels that any actions constitute, or are perceived to constitute personal services, it shall be the contractor's responsibility to notify the Contracting Officer immediately in accordance with the clause 52.243-7.

(b) Inherently-Governmental functions are not within the scope of this task order. Decisions relative to programs supported by the contractor shall be the sole responsibility of the Government. The contractor may be required to attend technical meetings for the Government; however, they are not, under any circumstances, authorized to represent the Government or give the appearance that they are doing so.

C.20 SUBCONTRACTORS/CONSULTANTS

(a) None of the services required by this contract shall be subcontracted to, or performed by, persons other than the contractor or the contractor's employees without the prior written consent of the Procuring Contracting Officer.

(b) In addition to the information required by FAR 52.244-2 Alternate 1 (JUN 2007) in Section I of the MAC, the contractor shall include the following information in requests to add subcontractors or consultants during performance, regardless of subcontract type or pricing arrangement. These requirements apply to all subcontracts/consulting agreements where labor hours performed will be counted against the requirements of the Level of Effort clause in Section G of the Task Order. Further, this documentation should be submitted for each subcontract increase in scope (hours) or price.

(c) Statements addressing:

- (1) The impact on the contractor's ability to provide service at the contracted price,
- (2) The impact on compliance with FAR 52.219-14, Limitations on Subcontracting, if applicable. (also show calculations)
- (3) Sole source justification (if applicable)
- (4) A copy of the proposed subcontractor's cost or price proposal.
- (5) Documentation establishing that the negotiated price is fair and reasonable.
- (6) The results of negotiations to incorporate rate caps no higher than the lower of (i) SeaPort-e rate caps for the prime contractor, or in the case where the proposed subcontractor is also a SeaPort-e prime, (ii) rate caps that are no higher than the subcontractor's prime SeaPort-e contract if lower than the prime contractor's rate caps.
- (7) Detailed justifications to include second-tier subcontracting to other subcontractors or consultants to include a rationale why these additional firms or consultants could not be directly obtained by the prime contractor.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 12 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(d) The Government strongly discourages Time & Material (T&M) or Labor Hour pricing arrangements because the contractor has little incentive to manage their labor force effectively or to control ODC costs. However, this type of pricing arrangement is permitted for subcontracts. In these instances, the contractor shall provide specific justification to negotiate subcontracts with this pricing arrangement. The prime contractor is strongly encouraged to ensure that any fee rate incorporated into the negotiated labor rate(s) does not exceed the fee rate negotiated for this task order. The prime contractor shall also identify specific additional surveillance/controls to be employed to ensure that efficient performance methods are being employed.

C.21 CONTROL OF CONTRACTOR PERSONNEL

The contractor shall comply with the requirements of NAVSEA and NSWCDD instructions regarding performance in Government facilities. All persons engaged in work while on Government property shall be subject to search of their persons (no bodily search) and vehicles at any time by the Government, and shall report any known or suspected security violations to the appropriate Security Department. Assignment, transfer, and reassignment of contractor personnel shall be at the discretion of the contractor. However, when the Government directs, the contractor shall remove from contract performance any person who endangers life, property, or national security through improper conduct. All contractor personnel engaged in work while on Government property shall be subject to the Standards of Conduct contained in SECNAVINST 5370.2J.

C.22 CONTRACT PERSONNEL ADMINISTRATION

When on-site in Government office spaces, laboratories, test facilities, or ship assets, contractor employees shall be clearly identified as a contractor (e.g. utilizing badge identifications and sign identifications in office spaces). In addition, contractor employees shall identify themselves as contractor personnel when answering telephones and sending emails. Contractor personnel cannot lead/manage/supervise Government personnel. Contractor program/project managers shall be clearly identified and known as such by Government employees. As circumstances permit, frequent (at least monthly) meetings are conducted between the COR and the contractor organization program manager/project manager.

C.23 IDENTIFICATION BADGES

The contractor shall be required to obtain identification badges from the Government for all contractor personnel to be located on Government property. The identification badge shall be visible at all times while employees are on Government property. The contractor shall furnish all requested information required to facilitate issuance of identification badges and shall conform to applicable regulations concerning the use and possession of the badges. The contractor shall be responsible for ensuring that all identification badges issued to contractor employees are returned to the appropriate Security Office within 48 hours following completion of the Task Order, relocation or termination of an employee, and upon request by the Contracting Officer.

C.24 ENTERPRISE-WIDE CONTRACTOR MANPOWER REPORTING APPLICATION (ECMRA)

(a) The contractor shall report ALL contractor labor hours (including subcontractor labor hours) required for performance of services provided under this contract for the Naval Surface Warfare Center Dahlgren Division via a secure data collection site. The contractor is required to completely fill in all required data fields using the following web address <https://doncmra.nmci.navy.mil>.

(b) Reporting inputs will be for the labor executed during the period of performance during each Government fiscal year (FY), which runs October 1 through September 30. While inputs may be reported any time during the FY, all data shall be reported no later than October 31 of each calendar year. Contractors may direct questions to the help desk, linked at <https://doncmra.nmci.navy.mil>.

C.25 HQ C-2-0011 COMPUTER SOFTWARE AND/OR COMPUTER DATABASE(S) DELIVERED TO AND/OR RECEIVED FROM THE GOVERNMENT (NAVSEA) (APR 2004)

(a) The Contractor agrees to test for viruses all computer software and/or computer databases, as defined in the clause entitled "RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL COMPUTER SOFTWARE DOCUMENTATION" (DFARS 252.227-7014), before delivery of that computer software or computer database in whatever media and on whatever system the software is delivered. The contractor warrants that any such computer software and/or computer database will be free of viruses when delivered.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 13 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(b) The Contractor agrees to test any computer software and/or computer database(s) received from the Government for viruses prior to use under this contract.

(c) Unless otherwise agreed in writing, any license agreement governing the use of any computer software to be delivered as a result of this contract must be paid-up and perpetual, or so nearly perpetual as to allow the use of the computer software or computer data base with the equipment for which it is obtained, or any replacement equipment, for so long as such equipment is used. Otherwise the computer software or computer database does not meet the minimum functional requirements of this contract. In the event that there is any routine to disable the computer software or computer database after the software is developed for or delivered to the Government, that routine shall not disable the computer software or computer database until at least twenty-five calendar years after the delivery date of the affected computer software or computer database to the Government.

(d) No copy protection devices or systems shall be used in any computer software or computer database delivered under this contract to restrict or limit the Government from making copies. This does not prohibit license agreements from specifying the maximum amount of copies that can be made.

C.26 HQ C-2-0034 MINIMUM INSURANCE REQUIREMENTS (NAVSEA) (SEP 1990)

In accordance with the clause of this contract entitled "INSURANCE--WORK ON A GOVERNMENT INSTALLATION" (FAR 52.228-5), the Contractor shall procure and maintain insurance, of at least the kinds and minimum amounts set forth below:

(a) Workers' Compensation and Employer's Liability coverage shall be at least \$100,000, except as provided in FAR 28.307(a).

(b) Bodily injury liability insurance coverage shall be written on the comprehensive form of policy of at least \$500,000 per occurrence.

(c) Automobile Liability policies covering automobiles operated in the United States shall provide coverage of at least \$200,000 per person and \$500,000 per occurrence for bodily injury and \$20,000 per occurrence for property damage. The amount of liability coverage on other policies shall be commensurate with any legal requirements of the locality and sufficient to meet normal and customary claims.

C.27 HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000)

(a) "Organizational Conflict of Interest" means that because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to the Government, or the person's objectivity in performing the order work is or might be otherwise impaired, or a person has an unfair competitive advantage. "Person" as used herein includes Corporations, Partnerships, Joint Ventures, and other business enterprises.

(b) The contractor warrants that to the best of its knowledge and belief, and except as otherwise set forth in the order, the contractor does not have any organizational conflict of interest(s) as defined in paragraph (a).

(c) It is recognized that the effort to be performed by the contractor under this order may create a potential organizational conflict of interest on the instant order or on a future acquisition. In order to avoid this potential conflict of interest, and at the same time to avoid prejudicing the best interest of the Government, the right of the contractor to participate in future procurement of equipment and/or services that are the subject of any work under this order shall be limited as described below in accordance with the requirements of FAR 9.5.

(d) (1) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information provided to the contractor by the Government during or as a result of performance of this order. Such information includes information submitted to the Government on a confidential basis by other persons. Further, the prohibition against release of Government provided information extends to cover such information whether or not in its original form, e.g., where the information has been included in contractor generated work or where it is discernible from materials incorporating or based upon such information. This prohibition shall not expire after a given period of time.

(2) The contractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside the Government any information generated or derived during or as a result of

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 14 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

performance of this order. This prohibition shall expire after a period of three years after completion of performance of this order.

(3) The prohibitions contained in subparagraphs (d)(1) and (d)(2) shall apply with equal force to any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may merge or affiliate, or any successor or assign of the contractor. The terms of paragraph (f) of this Special Contract Requirement relating to notification shall apply to any release of information in contravention of this paragraph (d).

(e) The contractor further agrees that, during the performance of this order and for a period of three years after completion of performance of this order, the contractor, any affiliate of the contractor, any subcontractor, consultant, or employee of the contractor, any joint venture involving the contractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of the contractor, shall not furnish to the United States Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this order. This exclusion does not apply to any re-competition for those systems, components, or services furnished pursuant to this order.

As provided in FAR 9.505-2, if the Government procures the system, component, or services on the basis of work statements growing out of the effort performed under this order, from a source other than the contractor, subcontractor, affiliate, or assign of either, during the course of performance of this order or before the three year period following completion of this order has lapsed, the contractor may, with the authorization of the cognizant Contracting Officer, participate in a subsequent procurement for the same system, component, or service. In other words, the contractor may be authorized to compete for procurement(s) for systems, components, or services subsequent to an intervening procurement.

(f) The contractor agrees that, if after award, it discovers an actual or potential organizational conflict of interest, it shall make immediate and full disclosure in writing to the Contracting Officer. The notification shall include a description of the actual or potential organizational conflict of interest, a description of the action, which the contractor has taken or proposes to take to avoid, mitigate, or neutralize the conflict, and any other relevant information that would assist the Contracting Officer in making a determination on this matter. Notwithstanding this notification, the Government may terminate the order for the convenience of the Government if determined to be in the best interest of the Government.

(g) Notwithstanding paragraph (f) above, if the contractor was aware, or should have been aware, of an organizational conflict of interest prior to the award of this order or becomes, or should become, aware of an organizational conflict of interest after award of this order and does not make an immediate and full disclosure in writing to the Contracting Officer, the Government may terminate this order for default.

(h) If the contractor takes any action prohibited by this requirement or fails to take action required by this requirement, the Government may terminate this order for default.

(i) The Contracting Officer's decision as to the existence or nonexistence of an actual or potential organizational conflict of interest shall be final.

(j) Nothing in this requirement is intended to prohibit or preclude the contractor from marketing or selling to the United States Government its product lines in existence on the effective date of this order; nor, shall this requirement preclude the contractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Additionally, sale of catalog or standard commercial items are exempt from this requirement.

(k) The contractor shall promptly notify the Contracting Officer, in writing, if it has been tasked to evaluate or advise the Government concerning its own products or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

(l) The contractor shall include this requirement in subcontracts of any tier which involve access to information or situations/conditions covered by the preceding paragraphs, substituting "subcontractor" for "contractor" where appropriate.

(m) The rights and remedies described herein shall not be exclusive and are in addition to other rights and remedies

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 15 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

provided by law or elsewhere included in this order.

(n) Compliance with this requirement is a material requirement of this order.

C.28 HQ C-2-0059 UPDATING SPECIFICATIONS AND STANDARDS (NAVSEA) (AUG 1994)

If, during the performance of this or any other contract, the contractor believes that any contract contains outdated or different versions of any specifications or standards, the contractor may request that all of its contracts be updated to include the current version of the applicable specification or standard. Updating shall not affect the form, fit or function of any deliverable item or increase the cost/price of the item to the Government. The contractor should submit update requests to the Procuring Contracting Officer with copies to the Administrative Contracting Officer and cognizant program office representative for approval. The contractor shall perform the contract in accordance with the existing specifications and standards until notified of approval/disapproval by the Procuring Contracting Officer. Any approved alternate specifications or standards will be incorporated into the contract.

C.29 Ddl-C30 HAZARDOUS MATERIALS USED ON GOVERNMENT SITE

(a) This clause applies if hazardous materials are utilized at any time during the performance of work on a Government site under this Task Order Hazardous materials are defined in Federal Standard No. 313 and include items such as chemicals, paint, thinners, cleaning fluids, alcohol, epoxy, flammable solvents, or asbestos.

(b) The contractor shall have an active Hazard Communication Program in place for all contractor employees per 29 C.F.R. 1910.1200. Before delivery of any hazardous materials onto Government property, the Contractor shall provide the both the Contracting Officer and the Contracting Officer's Representative (COR) with an inventory and Material Safety Data Sheet (MSDS) for these materials.

C.30 Ddl-C40 USE OF INFORMATION SYSTEM (IS) RESOURCES

Contractor Provision of IS Resources

Except in special circumstances explicitly detailed elsewhere in this document, the contractor shall provide all IS resources needed in the performance of this contract. This includes computers, software, networks, certificates, and network addresses.

Contractor Use of NSWCDD IS Resources

In the event that the contractor is required to have access to NSWCDD IS resources, the login name used for access shall conform to the NMCI login naming convention. If the contractor requires access to applications/systems that utilize client certificates for authentication, the contractor is responsible for obtaining requisite certificates from a DOD or External Certificate Authority.

If this contract requires that the contractor be granted access and use of NSWCDD IS resources (at any site), the IS shall be accredited for contractor use in accordance with procedures specified by the Information Assurance Office.

Connections Between NSWCDD and Contractor Facilities

If there is a requirement (specifically delineated elsewhere in this contract) for interconnection (e.g., link level or Virtual Private Network (VPN)) between any facilities and/or ISs owned or operated by the contractor and ISs owned or operated by NSWCDD, such interconnection shall take place only after approval from the NSWCDD Information Assurance Office. All such connections as well as the ISs connected thereto will be accredited in accordance with DOD policy (DODI 5200.40) by the cognizant Designated Approving Authority (DAA) and comply with the requirements of CJCSI 6211.02B regarding Memorandums of Agreement. All such connections will be made outside the appropriate NSWCDD firewall.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 16 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION D PACKAGING AND MARKING

D.1 HQ D-1-0001 DATA PACKAGING LANGUAGE

Data to be delivered by Integrated Digital Environment (IDE) or other electronic media shall be as specified in the contract.

All unclassified data to be shipped shall be prepared for shipment in accordance with best commercial practices.

Classified reports, data, and documentation shall be prepared for shipment in accordance with National Industrial Security Program Operating Manual (NISPOM), DOD 5220.22-M dated 28 February 2006, Incorporating Change 1 on March 28, 2013.

D.2 HQ D-2-0008 MARKING OF REPORTS (NAVSEA) (SEP 1990)

All reports delivered by the Contractor to the Government under this contract shall prominently show on the cover of the report:

- (1) name and business address of the Contractor
- (2) contract number
- (3) contract dollar amount
- (4) whether the contract was competitively or non-competitively awarded
- (5) sponsor: _____

(Name of Individual Sponsor)

(Name of Requiring Activity)

(City and State)

All Deliverables shall be packaged and marked IAW Best Commercial Practices.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 17 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION E INSPECTION AND ACCEPTANCE

E.1 INSPECTION AND ACCEPTANCE

Inspection and Acceptance will be performed at NSWCDD, Dahlgren, VA by the Contracting Officer's Representative (COR).

E.2 PERFORMANCE BASED TASK ORDER REVIEW AND ACCEPTANCE PROCEDURES

(a) This is a performance based Task Order as defined in FAR Part 37.6. Contractor performance will be evaluated in accordance with the Quality Assurance Surveillance Plan (QASP) that is provided below.

(b) The QASP defines this evaluation and acceptance to be part of the annual Contractor Performance Assessment Reporting System (CPARS). The contractor may obtain more information regarding the CPARS process at the following internet site:

<http://cpars.navy.mil>

E.3 QUALITY ASSURANCE SURVEILLANCE PLAN (QASP)

E.3.1 PURPOSE

E.3.1.1 This Quality Assurance Surveillance Plan is a Government-developed and applied document used to make sure the systematic quality assurance methods are used in the administration of this performance-based contract. The intent is to ensure that the contractor performs in accordance with the performance metrics and the Government receives the quality of services called for in the task order.

E.3.1.2 The purpose of the QASP is to describe the systematic methods used to monitor performance and to identify the required documentation and the resources to be employed. The QASP provides a means for evaluating whether the contractor is meeting the performance standards/quality levels identified in the PWS and the contractor's quality control plan (QCP), and to ensure that the Government pays only for the level of services received.

E.3.1.3 This QASP defines the roles and responsibilities of all members of the integrated project team (IPT), identifies the performance objectives, defines the methodologies used to monitor and evaluate the contractor's performance, describes quality assurance documentation requirements, and describes the analysis of quality assurance monitoring results.

E.3.2 AUTHORITY

The authority for issuance of this QASP is provided under Contract Section E – Inspection and Acceptance which provides for inspections and acceptance of the services and deliverables called for in service contracts to be executed by the Contracting Officer or a duly authorized representative.

E.3.3 SCOPE

E.3.3.1 The PWS structures the acquisition around “what” service or quality level is required, as opposed to “how” the contractor should perform the work (i.e., results, not compliance). This QASP will define the performance management approach taken to monitor and manage the contractor's performance to ensure the expected outcomes or performance objectives communicated in the PWS are achieved. Performance management rests on developing a capability to review and analyze information generated through performance assessment. The ability to make decisions based on the analysis of performance data is the cornerstone of performance management; this analysis yields information that indicates whether expected outcomes for the project are being achieved by the contractor.

E.3.3.2 Performance management represents a significant shift from the more traditional quality assurance (QA) concepts in several ways. Performance management focuses on assessing whether outcomes are being achieved and to what extent. This approach migrates away from scrutiny of compliance with the processes and practices used to achieve the outcome. A performance-based approach enables the contractor to play a large role in how the work is performed, as long as the proposed processes are within the stated constraints. The only exceptions to process reviews are those required by law (federal, state, and local) and compelling business situations, such as safety and

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 18 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

health. A “results” focus provides the contractor flexibility to continuously improve and innovate over the course of the task order as long as the critical outcomes expected are being achieved and/or the desired performance levels are being met.

E.3.3.3 The contractor is responsible for the quality of all work performed. The contractor measures that quality through the contractor’s own quality control plan (QCP). Quality control is work output, not workers, and therefore includes all work performed under this task order regardless of whether the work is performed by contractor employees or by subcontractors. The contractor’s QCP will set forth the staffing and procedures for self-inspecting the quality, timeliness, responsiveness, customer satisfaction, and other performance requirements in the PWS. The contractor will develop and implement a performance management system with processes to assess and report its performance to the designated Government representative. This QASP enables the Government to take advantage of the contractor’s QCP.

E.3.3.4 The Government will assess performance using the methodology contained herein and the Contractor Performance Assessment Reporting System (CPARS) to determine how the contractor is performing against communicated performance objectives. CPARS assesses a contractor’s performance, both positive and negative, and provides a record on a given contract during a specified period of time. More information pertaining to CPARS can be found at: <http://www.cpars.csd.disa.mil/cparsfiles/pdfs/DoD-CPARS-Guide.pdf>. Each assessment will be based on objective data (or measurable, subjective data when objective data is not available) supportable by program and contract management data. The QASP methodology and CPARS performance expectations will be addressed in the Government and contractor’s initial post-award meeting. Potential sources of data may include, but are not limited to, the following:

- Status and progress reviews and reports
- Production and management reviews and reports
- Management and engineering process reviews (e.g. risk management, requirements management, etc.) and reports
- Cost performance reports and other cost and schedule metrics
- Other program measures and metrics such as:
 - Measures of progress and status of resources
 - Measures of deliverable timeliness and accuracy
 - Measures of product quality and process performance
 - External and sponsor feedback/comments and satisfaction ratings
 - Systems engineering and other technical progress reviews
 - Technical interchange meetings
 - Physical and functional configuration audits
 - Quality reviews and quality assurance evaluations
 - Functional performance evaluations
 - Subcontract Reports

E.3.3.5 A preliminary CPARS evaluation/rating will be accomplished as noted in in paragraph E.5, Schedule, below. The purpose of this review is to determine whether the Contractor is performing at least at a Satisfactory level for each area to be assessed using Table 1. This methodology will be utilized as an important factor in determining whether or not to exercise Option 1 and 2 under the task order. Further, the formal CPARS ratings are used as reference material by others in source selection.

E.3.4 ROLES AND RESPONSIBILITIES

E.3.4.1 Contracting Officer

E.3.4.1.1 An individual duly appointed with the authority to enter into (PCO) or administer (ACO) contracts and make related determination and findings on behalf of the Government. The PCO for this contract is identified in Section G, Ddl-G10 Government Contract Administration Points-of-Contact and Responsibilities. The ACO will be designated in the resulting task order. Contracting Officers are designated via a written warrant, which sets forth limitations of their respective authority.

E.3.4.1.2 The Contracting Officer ensures performance of all necessary actions for effective contract administration, ensures compliance with the terms of the contract and safeguards the interests of the United States in the contractual relationship. It is the Contracting Officer that ensures the Contractor receives impartial, fair and equitable treatment

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 19 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

under the task order. The Contracting Officer is ultimately responsible for the final determination of the acceptability of the Contractor's performance.

E.3.4.2 Contract Specialist

E.3.4.2.1 Assigned by the PCO to provide daily administration of the task order.

E.3.4.2.2 Provides input to the PCO and the COR as to the quality of performance for areas addressed in this QASP.

E.3.4.3 Contracting Officer's Representative (COR)

E.3.4.3.1 An individual appointed in writing by the PCO to act as their authorized representative to assist in technical administration of the task order. The COR is appointed in the contract award. The limitations of authority are contained in a written letter of appointment which is a formal attachment to the task order.

E.3.4.3.2 The COR is responsible for technical administration of the task order and assures proper surveillance of the contractor's technical performance. The COR provides QASP reports to the PCO.

E.3.4.3.3 The COR is not empowered to make any contractual commitments or to authorize any changes. Any changes that the contractor deems may affect contract price, terms, or conditions shall be referred to the Contracting Officer for action.

E.3.4.4 Subject Matter Expert (SME)

E.3.4.4.1 SMEs are individuals who may be assigned by the COR to perform limited technical oversight of specific projects, work areas, or Technical Instructions issued under the task order.

E.3.4.4.2 The SME provides input to the COR as to the quality of technical performance for their respective area(s) of expertise.

E.3.4.4.3 A SME cannot, in any manner, alter the scope of the task order, make commitments or authorize any changes on the Government's behalf.

E.3.5.0 SCHEDULE

The QASP evaluation will be in accordance with Table 1. In order to accomplish this, the following schedule applies:

E.3.5.1 Contractor Self-Assessment (written) is due to the Contracting Officer and the COR no later than the end of month nine (9) for the base period covering the first eight months of performance and twelve (12) months thereafter for each period of performance covering the next twelve months of performance. Failure of the contractor to make a timely delivery will be viewed as the contractor's overall inability to comply with task order schedules.

E.3.5.2 COR Written Assessment is due to the Contracting Officer no later than the end of week two (2) of month nine (9) for the base period and twelve (12) months thereafter for each period of performance.

E.3.6.0 IDENTIFICATION OF REQUIRED PERFORMANCE STANDARDS/QUALITY LEVELS

E.3.6.1 The required performance standards and quality levels are included in Table (1), "Performance Standards". If the contractor meets the required service or performance level, the contractor will receive positive preliminary QASP and CPARS ratings. If the contractor fails to meet the required performance level, the result will be negative QASP and CPARS ratings.

E.3.6.2 If the Contractor fails to meet the required performance level based on the preliminary review conducted in accordance with the paragraph E.3.5.0, Schedule above, the Government may not exercise the next option period under the task order.

E.3.7.0 METHODOLOGIES TO MONITOR PERFORMANCE

E.3.7.1 Surveillance Techniques

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 20 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

In an effort to minimize the performance management burden, simplified surveillance methods shall be used by the Government to evaluate contractor performance when appropriate. The Government will use the following methods of surveillance:

- (a) Random monitoring
- (b) 100% Inspection
- (c) Periodic Inspection
- (d) Customer Feedback

E.3.7.2 Customer Feedback

E.3.7.2.1 The contractor is expected to establish and maintain professional communication between its employees and customers at all levels. The primary objective of this communication is customer satisfaction. Customer satisfaction is the most significant external indicator of the success and effectiveness of all services provided and can be measured through customer complaints.

E.3.7.2.2 Performance management drives the contractor to be customer focused through initially and internally addressing customer complaints and investigating the issues and/or problems but the customer always has the option to communicate complaints to the PCO, as opposed to the contractor.

E.3.7.2.3 Customer complaints, to be considered valid, must set forth clearly and in writing the detailed nature of the complaint, must be signed, and must be forwarded to the COR. The COR will accept those customer complaints, investigate and work with the PCO and contractor to resolve the issue.

E.3.7.2.4 Customer feedback may also be obtained either from the results of formal customer satisfaction surveys or from random customer complaints.

E.3.7.3 Acceptable Quality Levels – The acceptable quality levels (AQLs) included in Table 1 for contractor performance are structured to allow the contractor to manage how the work is performed.

E.3.8.0 QUALITY ASSURANCE DOCUMENTATION

E.3.8.1 The Performance Management Feedback Loop

The performance management feedback loop begins with the communication of expected outcomes. Performance standards and performance monitoring techniques are expressed in Table 1.

E.3.8.2 Monitoring System

The Government's QA surveillance, accomplished by the COR, in conjunction with the PCO, will be reported using preliminary CPARS. Formal CPARS evaluations shall be conducted on an annual basis. Preliminary CPARS evaluations will be accomplished in accordance with paragraph E.3.5.0, Schedule.

Table 1 – Overall Performance Ratings

Overall Performance Rating	Standard
Exceptional	Performance meets contractual requirements and exceeds many requirements to the Government's benefit
Very Good	Performance meets contractual requirements and exceeds some to the Government's benefit
Satisfactory	Performance meets contractual requirements
Marginal	Performance does not meet some contractual requirements. The element being assessed reflects a serious problem for which the contractor has not yet implemented satisfactory corrective measures.
Unsatisfactory	Performance does not meet contractual requirements and recovery is not likely in a timely manner. Contractor's corrective actions to date are ineffective.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 21 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Table 2 – QASP Objectives

QASP OBJECTIVES			
Assessment Period	Acceptable Performance Definition	Schedule	Incentives
Base Period	Overall Performance Rating of at least “Satisfactory”.	In accordance with the QASP Schedule; annually using the CPARS system covering the previous 8 months.	(+) Meet the acceptable performance definition as a condition for exercise of Option 1. (-) Does not meet the acceptable performance definition as a condition for exercise of Option 1.
Option 1	Overall Performance Rating of at least “Satisfactory”.	In accordance with the QASP Schedule; annually using the CPARS system covering the previous 12 months.	(+) Meet the acceptable performance definition as a condition for exercise of Option 2. (-) Does not meet the acceptable performance definition as a condition for exercise of Option 2.

Table 3 – Task Performance Evaluation Criteria and Standards

ELEMENT	UNSATISFACTORY	MARGINAL	SATISFACTORY	VERY GOOD	EXCEPTIONAL
I. Task Performance					
Timeliness	Contractor frequently misses deadlines, or is slow or non-responsive to respond to Government requests.	Contractor occasionally misses deadlines, schedules or is slow or occasionally non-responsive to respond to Government requests.	Contractor routinely meets deadlines, schedules, quickly responds to Government requests.	Contractor routinely meets deadlines and schedules and occasionally delivers early and responds immediately to Government requests.	Contractor routinely delivers ahead of deadlines, schedules, and responds immediately to Government requests.
Quality	Deliverables are typically not well researched and contain many technical inaccuracies. Rework is frequently required.	Deliverables occasionally not well researched and contain some technical inaccuracies. Rework is occasionally required	Data Deliverables received are well researched, complete and technically accurate. No more than one (2) revisions are typically needed to accept the item. Other deliverable meet all Contract requirements.	Data Deliverables received are well researched, complete and technically accurate. Other deliverables meet all Contract requirements.	Data Deliverables received are always well researched, complete and technically accurate. They frequently exceed technical expectations. Rework is not required. Other deliverables typically exceed all Contract requirements.
II. Staffing	Contractor provides marginally qualified or unqualified personnel. Lapses in coverage	Contractor provides marginally qualified personnel. Lapses in	Contractor provides qualified personnel. Lapses in coverage occur	Contractor provides a mix of qualified and highly qualified personnel. Lapses in	Contractor provides highly qualified personnel. Lapses in coverage are rare

	occur regularly.	coverable occur more than occasionally.	occasionally and are successfully managed by the contractor with to minimize impact on timeliness or quality. SECTION F DELIVERABLES OR PERFORMANCE

The periods of performance for the following Items are as follows:

7000	9/26/2014 - 9/25/2015
7001AA	9/26/2014 - 9/25/2015
7001AB	9/26/2014 - 9/25/2015
7001AC	9/26/2014 - 9/25/2015
9000	9/26/2014 - 9/25/2015
9001AA	9/26/2014 - 9/25/2015
9001AB	9/26/2014 - 9/25/2015
9001AC	9/26/2014 - 9/25/2015

CLIN - DELIVERIES OR PERFORMANCE

The periods of performance for the following Items are as follows:

7000	9/26/2014 - 9/25/2015
7001AA	9/26/2014 - 9/25/2015
7001AB	9/26/2014 - 9/25/2015
7001AC	9/26/2014 - 9/25/2015
9000	9/26/2014 - 9/25/2015
9001AA	9/26/2014 - 9/25/2015
9001AB	9/26/2014 - 9/25/2015
9001AC	9/26/2014 - 9/25/2015

The periods of performance for the following Option Items are as follows:

7100	9/26/2015 - 9/25/2016
7101AA	9/26/2015 - 9/25/2016
7200	9/26/2016 - 9/25/2017
7201AA	9/26/2016 - 9/25/2017
9100	9/26/2015 - 9/25/2016
9101AA	9/26/2015 - 9/25/2016

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 26 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

SECTION G CONTRACT ADMINISTRATION DATA

G.1 ACCOUNTING DATA

The award document will include Accounting Data at the end of Section G. All lines of accounting are listed sequentially under a heading that identifies the particular action (award or modification number) under which the funding was obligated. Under Seaport-e, all funding is identified/obligated at the SubCLIN (SLIN) level. SLINs are established sequentially by the Seaport-e software. Accounting for expenditures and invoicing at the SLIN level is required.

G.2 SPECIAL INVOICE INSTRUCTIONS

Each SLIN providing funding designates a specific project area/work area/POAMs/Work Breakdown Structure (WBS) item. Tracking and reporting shall be accomplished at the project/work area/POAMs/WBS item level. Each identified project/work area/POAM/WBS shall be invoiced by its associated SLIN and ACRN. If multiple ACRNs are associated with a single project/work area/POAM/WBS, the contractor shall consult with the Contracting Officer Representative for additional invoicing instructions.

G.3 Ddl-G1 PAYMENT INSTRUCTIONS FOR MULTIPLE ACCOUNTING CLASSIFICATION CITATIONS

In accordance with (DFARS) PGI 204.7108(d) clause: 252.204-0002 Line Item Specific: Sequential ACRN Order.

The Payment Office shall make payment in sequential ACRN order within the line item, exhausting all funds in the previous ACRN before paying from the next ACRN using the following sequential order: Alpha/Alpha; Alpha/numeric; numeric/alpha; and numeric/numeric.

G.4 Ddl-G10 GOVERNMENT CONTRACT ADMINISTRATION POINTS-OF-CONTACT AND RESPONSIBILITIES

[1] Procuring Contracting Officer (PCO):

(a) Name: Amy T. Richards
Address: Code 0243
Dahlgren Division
Naval Surface Warfare Center
17632 Dahlgren Road, Suite 157
Dahlgren, VA 22448-5110
Phone: (540) 653-7825; FAX: (540) 653-4089
E-mail: amy.richards@navy.mil

(b) PCO responsibilities are outlined in FAR 1.602-2. The PCO is the only person authorized to approve changes in any of the requirements of this contract or orders issued thereunder and, notwithstanding provisions contained elsewhere in this contract, the said authority remains solely the PCO's. The contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer or is pursuant to specific authority otherwise included as part of this contract. In the event the contractor effects any change at the direction of any person other than the PCO, the change will be considered to be unauthorized.

[2] Contract Specialist:

(a) Name: Teresa Spiker
Address: Code 0243
Dahlgren Division
Naval Surface Warfare Center
17632 Dahlgren Road, Suite 157
Dahlgren, VA 22448-5110
Phone: (540) 653-3094; FAX: (540) 653-4089
E-mail: teresa.spiker@navy.mil

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 27 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(b) The Contract Specialist is the representative of the Contracting Officer for all contractual matters.

[3] Administrative Contracting Officer (ACO)

(a) Name: Eddie L. Williams
Address: DCMA Dallas
2320 La Branch Street, Room 2100
Houston, TX 77004
Phone: (713) 718-3602, x133
E-mail: eddie.williams@dcma.mil

(b) The Administrative Contracting Officer (ACO) of the cognizant Defense Contract Management Agency (DCMA) is designated as the authorized representative of the Contracting Officer for purposes of administering this Task Order in accordance with FAR 42.3. However, in view of the technical nature of the supplies and services to be furnished, technical cognizance is retained by the Naval Surface Warfare Center, Dahlgren Division.

[4] Contracting Officer Representative (COR):

(a) Name: Bruce J. Corso
Address: Code Z20
Dahlgren Division
Naval Surface Warfare Center
4045 Higley Road, Suite 344
Dahlgren, VA 22448-5162
Phone: (540) 284-0656
E-mail: bruce.corso@navy.mil

(b) The COR is the PCO's appointed representative for technical matters. The COR is not a contracting officer and does not have the authority to direct the accomplishment of effort which is beyond the scope of the Task Order or to otherwise change any Task Order requirements. An informational copy of the COR appointment letter which provides a delineation of COR authority and responsibilities is provided as an attachment to this Task Order.

G.5 CONSENT TO SUBCONTRACT

For subcontracts and consulting agreements for services, where the prime contractor anticipates that hours delivered will be counted against the hours in the Level of Effort clause below, Consent to Subcontract authority is retained by the Procuring Contracting Officer.

The following subcontractors are approved on this order:

Battelle Memorial Institute
Bowler Pons Solutions Consultants
Serco, Inc.

G.6 Ddl-G40 PAYMENT, SELECTED ITEMS OF COST REIMBURSEMENT CONTRACTS

(a) Travel costs

The contractor shall, to the maximum extent practicable, minimize overall travel costs by taking advantage of discounted airfare rates available thru advance purchase. Charges associated with itinerary changes and cancellations under nonrefundable airline tickets are reimbursable as long as the changes are driven by the work requirement.

(b) Training

The Government will not allow costs, nor reimburse costs associated with the contractor for training employees in an effort to attain and/or maintain minimum personnel qualification requirements of this contract. Other training may be approved on a case-by-case basis by the Contracting Officer. Advance approval is required. Attendance at workshops or symposiums is considered training for purposes of this clause. The contractor is encouraged to suggest

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 28 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

a cost-sharing arrangement that addresses registration/tuition, travel and labor costs.

(c) General Purpose Office Equipment (GPOE) and Information Technology (IT)

The cost of acquisition of GPOE and IT shall not be allowable as direct charges to this contract. The contractor is expected to have the necessary CONUS facilities to perform the requirements of this contract, including any necessary GPOE and IT. GPOE means equipment normally found in a business office such as desks, chairs, typewriters, calculators, file cabinets, etc. IT means any equipment or interconnected system or subsystem of equipment that is used in the automatic acquisition, storage, manipulation, movement, control, display, switching, interchange, transmission, or reception of data or information. IT includes computers, ancillary equipment, software, firmware and similar products, services (including support services), and related resources for both unclassified and classified applications.

This clause is included at the contract level and it applies to this order. In addition, the following paragraphs are added:

(d) Only the following items are allowable as Other Direct Cost (ODC) items under this Task Order:

CLINs 9001, 9101, 9201

All additional ODC items are unallowable as a direct charge to this Task Order without expressed advance approval by the Contracting Officer.

(e) Management and Support labor may be direct charged by the following firms:

Diamond Data Systems, Inc., dba Geocent LLC

(f) The requirements of the above clause apply equally to subcontractors and consultants.

G.7 252.232-7006 WIDE AREA WORKFLOW PAYMENT INSTRUCTIONS (JUN 2012)

(a) Definitions. As used in this clause -

“Department of Defense Activity Address Code (DoDAAC)” is a six position code that uniquely identifies a unit, activity, or organization.

“Document type” means the type of payment request or receiving report available for creation in Wide Area WorkFlow (WAWF).

“Local processing office (LPO)” is the office responsible for payment certification when payment certification is done external to the entitlement system.

(b) Electronic invoicing. The WAWF system is the method to electronically process vendor payment requests and receiving reports, as authorized by DFARS 252.232-7003, Electronic Submission of Payment Requests and Receiving Reports.

(c) WAWF access. To access WAWF, the Contractor shall—

(1) Have a designated electronic business point of contact in the Central Contractor Registration at <https://www.acquisition.gov>; and

(2) Be registered to use WAWF at <https://wawf.eb.mil/> following the step-by-step procedures for self-registration available at this web site.

(d) WAWF training. The Contractor should follow the training instructions of the WAWF Web-Based Training Course and use the Practice Training Site before submitting payment requests through WAWF. Both can be accessed by selecting the “Web Based Training” link on the WAWF home page at <https://wawf.eb.mil/>.

(e) WAWF methods of document submission. Document submissions may be via web entry, Electronic Data Interchange, or File Transfer Protocol.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 29 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(f) WAWF payment instructions. The Contractor must use the following information when submitting payment requests and receiving reports in WAWF for this contract/order:

(1) Document type. The Contractor shall use the following document type(s).

_____ Cost Voucher _____

Note: If a “Combo” document type is identified but not supportable by the Contractor’s business systems, an “Invoice” (stand-alone) and “Receiving Report” (stand-alone) document type may be used instead.)

(2) Inspection/acceptance location. The Contractor shall select the following inspection/acceptance location(s) in WAWF, as specified by the contracting officer.

_____ N00178 _____

(3) Document routing. The Contractor shall use the information in the Routing Data Table below only to fill in applicable fields in WAWF when creating payment requests and receiving reports in the system.

Routing Data Table

Field Name in WAWF	Data to be entered in WAWF

(4) Payment request and supporting documentation. The Contractor shall ensure a payment request includes appropriate contract line item and subline item descriptions of the work performed or supplies delivered, unit price/cost per unit, fee (if applicable), and all relevant back-up documentation, as defined in DFARS Appendix F, (e.g. timesheets) in support of each payment request.

(5) WAWF email notifications. The Contractor shall enter the e-mail address identified below in the “Send Additional Email Notifications” field of WAWF once a document is submitted in the system.

bruce.corso@navy.mil

teresa.spiker@navy.mil

(g) WAWF point of contact.

(1) The Contractor may obtain clarification regarding invoicing in WAWF from the following contracting activity’s WAWF point of contact at M_DLGR_NSWC_WAWF.

(2) For technical WAWF help, contact the WAWF helpdesk at 866-618-5988.

G.8 HQ G-2-0009 SUPPLEMENTAL INSTRUCTIONS REGARDING ELECTRONIC INVOICING (NAVSEA) (SEP 2012)

(a) The Contractor agrees to segregate costs incurred under this contract/task order (TO), as applicable, at the lowest

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 30 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

level of performance, either at the technical instruction (TI), sub line item number (SLIN), or contract line item number (CLIN) level, rather than on a total contract/TO basis, and to submit invoices reflecting costs incurred at that level. Supporting documentation in Wide Area Workflow (WAWF) for invoices shall include summaries of work charged during the period covered as well as overall cumulative summaries by individual labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of other direct costs (ODCs), materials, and travel, by TI, SLIN, or CLIN level. For other than firm fixed price subcontractors, subcontractors are also required to provide labor categories, rates, and hours (both straight time and overtime) invoiced; as well as, a cost breakdown of ODCs, materials, and travel invoiced. Supporting documentation may be encrypted before submission to the prime contractor for WAWF invoice submittal. Subcontractors may email encryption code information directly to the Contracting Officer (CO) and Contracting Officer Representative (COR). Should the subcontractor lack encryption capability, the subcontractor may also email detailed supporting cost information directly to the CO and COR; or other method as agreed to by the CO.

(b) Contractors submitting payment requests and receiving reports to WAWF using either Electronic Data Interchange (EDI) or Secure File Transfer Protocol (SFTP) shall separately send an email notification to the COR and CO on the same date they submit the invoice in WAWF. No payments shall be due if the contractor does not provide the COR and CO email notification as required herein.

G.9 EARLY DISMISSAL AND CLOSURE OF GOVERNMENT FACILITIES

When a Government facility is closed and/or early dismissal of Federal employees is directed due to severe weather, security threat, or a facility related problem that prevents personnel from working, onsite contractor personnel regularly assigned to work at that facility should follow the same reporting and/or departure directions given to Government personnel. The contractor shall not direct charge to the contract for time off, but shall follow parent company policies regarding taking leave (administrative or other). Non-essential contractor personnel, who are not required to remain at or report to the facility, shall follow their parent company policy regarding whether they should go/stay home or report to another company facility. Subsequent to an early dismissal and during periods of inclement weather, onsite contractors should monitor radio and television announcements before departing for work to determine if the facility is closed or operating on a delayed arrival basis.

When Federal employees are excused from work due to a holiday or a special event (that is unrelated to severe weather, a security threat, or a facility related problem), on site contractors will continue working established work hours or take leave in accordance with parent company policy. Those contractors who take leave shall not direct charge the non-working hours to the task order. Contractors are responsible for predetermining and disclosing their charging practices for early dismissal, delayed openings, or closings in accordance with the FAR, applicable cost accounting standards, and company policy. Contractors shall follow their disclosed charging practices during the task order period of performance, and shall not follow any verbal directions to the contrary. The Contracting Officer will make the determination of cost allowed for time lost due to facility closure in accordance with FAR, applicable Cost Accounting Standards, and the Contractor's established accounting policy.

SECTION H SPECIAL CONTRACT REQUIREMENTS

H.1 TASK ORDER LABOR CATEGORY QUALIFICATIONS

To perform the requirements of the PWS, the Government DESIRES Key Personnel with the appropriate experience and professional development qualifications. Key Personnel qualification levels are considered to be “desired” for those individuals whose resumes are submitted for evaluation with the proposal. Resumes for any replacement personnel that are submitted following award shall be equal to or better than the individuals initially proposed as required by the clause entitled Ddl-H11 CHANGES IN KEY PERSONNEL in this Section H. Following award, the qualification levels are considered to be minimums for any growth beyond those individuals initially proposed or in labor categories where no resumes were required for proposal purposes.

(1) Specific Experience – Specific experience is defined as those experiences defined in the PWS and specifically in the labor category descriptions below.

(2) Professional Development - Professional development includes honors, degrees, publications, professional licenses and certifications and similar evidence of professional accomplishments that directly impact the offerors ability to perform the order. The years of experience listed below are in addition to appropriate professional development. It is incumbent upon the offeror to demonstrate that the proposed personnel have appropriate credentials to perform the work.

(3) Accumulation of Qualifying Experience - All categories of experience may be accumulated concurrently. For example, if the candidate worked while going to school, the work and education time may be credited concurrently. One exception is in the area of specific experience and general combat system experience. *Specific experience may count as general combat system experience, but general combat system experience may not count as specific experience.* All experience must be clearly supported by the resume or it will be discounted during the evaluation.

Non-Key Personnel are the non-resumed personnel proposed to provide hours on this requirement.

Post Award: Based on the Key Labor Category Desired Qualifications listed below and the PWS, the contractor will elect and manage the workforce supporting this contract. While government approval is required only for the Resumed Key Personnel, the entire workforce will be evaluated based on the contractor’s performance of the PWS in accordance with the QASP.

H.2 KEY LABOR CATEGORY DESIRED QUALIFICATIONS

Contract Program Manager

Four (4) years of specialized experience directly related to management of U.S. Navy (or Joint) Research, Development, and Acquisition programs or projects, as well as experience with Seaport type contract.

The Contract Program Manager requires the training, skills and experience necessary to conduct and coordinate contractual activities to support EM and CBRN defense research, development, and acquisition activities. This includes reviewing requirements, specifications, and other documents related to EM-CBRN defense capabilities. The Contract Program Manager will have experience meeting deadlines coordinating project deliverables, reports and white papers, and other documentation to coordinate efforts with CNIC, NAVFAC ATFP ASHORE, and other CASE managers.

Senior Engineer

Six (6) years of technical experience in research, development, and acquisition activities related to one or more of the following:

- Chemical, Biological, Radiological, and Nuclear programs
- Emergency Management programs
- Antiterrorism / Force Protection programs

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 33 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

- Information Systems or Information / Communication Technology

The Senior Engineer requires experience with functional and system level requirements analysis, requirements documentation and distribution, market/trade studies and analysis, and establishing acceptance criteria for EM/CASE proposed solutions.

Emergency Manager

Six (6) years emergency management experience. Demonstrated professional and specialized expertise in the following:

- Analysis and mitigation strategies related to vulnerability assessment, emergency operations, and related emergency management technologies.

- First Responder Operations, Emergency Operations Center, and Regional Operations Center.

The Emergency Manager position requires the training, skills and experience necessary to work with and support emergency management needs, functional and system level requirements analysis, distribution, establishing acceptance criteria for systems to support emergency management processes.

H.3 NON-KEY LABOR CATEGORY REQUIRED QUALIFICATIONS

Medical Emergency Manager

Six (6) years of medical emergency management experience. Demonstrated professional and specialized expertise in analysis and mitigation strategies related to medical-related vulnerability assessment, medical emergency operations, and related medical emergency management technologies.

The Medical Emergency Manager requires the familiarity with the processes and procedures associated with the classification and levels of First Responder Operations, Emergency Operations Centers, and Regional Operations Centers.

Training Specialist

Four (4) years of professional military training experience or civilian equivalent. Demonstrated professional and specialized expertise in developing and delivering complex training programs.

The Training Specialist requires the training, skills and experience necessary to analyze requirements, develop training scenarios and execution of training instruction to include plans and development of test methodologies and criteria. The Training Specialist should also have the verbal and written skills to conduct and evaluate training and trainees.

Engineer

Four (4) years of technical experience in research, development, and/or acquisition activities related to one or more of the following:

- Chemical, Biological, Radiological, and Nuclear programs

- Emergency Management programs

- Antiterrorism / Force Protection programs

- Emergency Operations Centers

- Information Technology or Information / Communication Systems

The Engineer requires the training and skills necessary to conduct detailed engineering activities in accordance with established EM/CASE and NAVFAC practices. The Engineer requires the ability to analyze requirements, design and develop emergency management solutions, conduct periodic reviews of design and development of artifacts and implement test methodologies and criteria.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 34 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Material Handler

Prior experience with CBRN-D equipment use, operational checks and routine maintenance, and logistics / warehouse back ground. Familiarity with general inventory processes and databases.

The Material Handler requires the training, skills and experience with warehousing, maintenance of equipment and materials and materials packaging, preparation and receipt from shipment and materials inspections.

Financial Analyst

Two (2) years of experience in the financial/accounting field. Experience with monitoring budgets, conducting audits, tracking expenses and expenditures, and forecasting fiscal milestones. Familiarity with routine financial documents and reports.

The Financial Analyst requires the training, skills and experience necessary to maintain accurate and timely records of expenditures, funding receipts, current and future budget execution plans. The Financial Analyst should also possess the skills and discipline to maintain and remain attentive to routine financial documents and reports.

Technical Writer

Two (2) years of experience with document development, development of Functional Interface Diagram (FID)s, and Navy AT/FP organization. The technical writer should also have comprehensive knowledge of basic publishing principles.

The Technical Writer requires the training, analytical, verbal and written skills necessary to provide and maintain the documentation and report items to support the EM/CASE effort. The Technical Writer should also have a working knowledge of technical and engineering principles.

Data Analyst

Two (2) years of experience in administrative support and analysis duties. Experience with creating and maintaining program files and databases.

The Data Analyst position requires training, analytical and verbal skills necessary to assemble, sort and decipher information into database queries or data fields for analysis and use in program planning and decision making.

H.4 Ddl-H11 CHANGES IN KEY PERSONNEL

(a) The Contractor agrees that a partial basis for award of this contract is the list of key personnel proposed. Accordingly, the Contractor agrees to assign to this contract those key persons whose resumes were submitted with the proposal necessary to fulfill the requirements of the contract. No substitution shall be made without prior notification to and concurrence of the Contracting Officer in accordance with this requirement.

(b) The contractor agrees that during the first 90 days of the period of performance no key personnel substitutions will be permitted unless such substitutions are necessitated by an individual's sudden illness, death, or termination of employment. All proposed substitutions shall have qualifications equal to or higher than the qualifications of the person to be replaced. The Contracting Officer shall be notified in writing of any proposed substitution at least forty-five (45) days, or ninety (90) days if a security clearance is to be obtained, in advance of the proposed substitution. Such notification shall include:

- (1) An explanation of the circumstances necessitating the substitution;
- (2) A complete resume of the proposed substitute;
- (3) The hourly rates of the incumbent and the proposed substitute;
- (4) A chart summarizing the years of experience and professional development for the individuals involved in the substitution; and
- (5) Any other information requested by the Contracting Officer to enable him/her to judge whether or not the

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 35 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Contractor is maintaining the same high quality of personnel that provided the partial basis for award.

(c) The Contracting Officer shall also receive written notification if no substitution is being requested. This notification shall include (1) the name of the initial person proposed; and (2) the reasons why the individual is not being made available to perform under the task order to the extent proposed.

(d) In the event a requirement to increase the specified level of effort for a designated labor category, but not the overall level of effort of the contract occurs, the Contractor shall submit to the Contracting Officer a written request for approval to add personnel to the designated labor category. The same information as specified in paragraph (b) above is to be submitted with the request.

(e) The Contracting Officer shall evaluate requests for changes in personnel and promptly notify the Contractor, in writing, whether the request is approved or disapproved.

(f) Requests for post award approval of replacement key personnel should be submitted via email. Email submissions shall be made simultaneously to the Contract Specialist, the COR and the Subject Matter Expert (SME). Electronic notification via email from the Contract Specialist will serve as written approval/disapproval on behalf of the Contracting Officer.

H.5 Ddl-H13 POST AWARD CONTRACTOR PERSONNEL APPROVAL

(a) Requests for post award approval of additional and/or replacement key and non-key personnel may be submitted via e-mail. E-mail submissions shall be made simultaneously to the Contract Specialist and the Contracting Officer's Representative (COR). Electronic notification via e-mail from the Contract Specialist will serve as written approval/disapproval on behalf of the Contracting Officer.

This approval is required before an individual may begin charging to the Task Order.

(b) Resumes shall be submitted in the format required. However, in order to expedite contract administration, contractor format may be used providing sufficient information is submitted for an independent comparison of the individual's qualifications with labor category requirements.

(c) If the employee is not a current employee of the contractor (or a subcontractor), a copy of the accepted offer letter (which identifies a projected start date and the agreed to annual salary) shall be provided.

(d) TRIPWIRE NOTIFICATION: If the employee is a current employee of the contractor (or a subcontractor), the fully burdened hourly rate that will be invoiced under the order shall be provided. If the labor rate to be invoiced for the individual will exceed any Navy labor rate tripwire for service contracts in effect at time of the request for approval, the Contractor shall fully justify why the proposed individual is required for contract performance and the specific benefit to be derived from the individual's addition to the task order.

H.6 RESUME FORMAT AND CONTENT REQUIREMENTS

RESUME FORMAT AND CONTENT: In order to facilitate evaluation, all resumes shall contain the following minimum information:

- Complete Name
- Task Order Labor Category
- Percentage of time to be allocated to this effort
- Current level of security clearance level per JPAS (identify if interim or final)
- Current work location and planned work location upon award of this Task Order.
- If the individual is key on another contract with a period of performance that will overlap this requirement, note plans to satisfy both contracts if the Offeror is selected for award.
- Chronological Work History/Experience Show experience and date(s) as follows:

(a) Employer: Dates (month/year); Title(s) held

(b) Work experience shall be presented separately for each employer, clearly marked with proper category of experience (i.e., Relevant Experience; Non-Relevant Experience). If relevant and non-relevant experience were obtained while at the same employer, separate time periods shall be noted for each assignment. (This is necessary to prevent an

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 36 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

offeror from describing relevant experience obtained in a six month assignment for Company A as applicable to the entire 10-year employment with that firm and to ensure offerors' proposals are evaluated on an equal basis). Responsibilities shall be discussed in sufficient detail for each assignment so as to permit comparison with desired experience levels in Section H. Specific examples of work assignments, accomplishments, and products shall be provided.

(c) Phrases such as "assisted with", "participated in", or "supported" are UNACCEPTABLE except as introductory to a detailed description of the actual work performed. If no such description is provided, the sentence or bulleted information will NOT be considered in the resume evaluation process. This is because evaluators would not be able to identify the specific technical work contributions made by the individual.

(d) Resume information is encouraged to be presented in bullet format. This will allow evaluators to focus on relevant information.

(e) Offerors shall note that the lack of specific definition in job responsibilities, services performed or products produced may be viewed as a lack of understanding of the Government's overall technical requirements.

(f) All relevant military experience claimed shall be described such that each relevant tour is treated as a separate employer. Time frames/titles/responsibilities shall be provided in accordance with the level of detail prescribed above. Military experience not documented in this manner will not be considered.

(g) Gaps in experience shall be avoided.

(h) The cut-off date for any experience claimed shall be the closing date of the solicitation.

(i) PROFESSIONAL DEVELOPMENT – Show any honors, degrees, publications, professional licenses, certifications and other evidence of professional accomplishments that are directly relevant and impact the offeror's ability to perform under the Task Order. For education and training, the following format is preferred:

Academic: Degree(s); Date(s); Institution; Major/Minor

Non-Academic: Course title, date(s), approximate length

Professional licenses and certifications. Note the date obtained for each, as well as the date when each license/certification requires renewal.

(j) Certification of correctness of information signed and dated by both the person named and the Offeror. The employee certification shall include the following statement: CERTIFICATION: "I certify that the experience and professional development described herein are complete and accurate in all respects. I consent to the disclosure of my resume for NSWCD task order N00178-14-D-7693-0002 by _____ (insert Offeror's company name) and intend to make myself available to work under any resultant contract to the extent proposed."

Employee Signature and Date

Offeror Signature and Date

Resumes without this certification will be unacceptable and will not be considered.

(k) If the employee is not a current employee of the offeror (or a proposed subcontractor), a copy of the accepted offer letter shall be provided. The letter shall identify the projected start date. The Cost Proposal shall include documentation that identifies the agreed-to salary amount.

H.7 Ddl-H40 FUNDING PROFILE

It is estimated that these incremental funds will provide for the number of hours of labor stated below. The following details funding to date:

CLIN	Total CPFF	Funds This Action	Previous Funding	Total Funded Amount	Balance Unfunded	Funded Labor Hours
7001	\$1,862,888	\$210,000	\$140,000	\$350,000	\$1,512,888	4,083

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 37 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

9001	\$ 496,964	\$ 10,000	\$ 10,000	\$ 20,000	\$ 476,964	N/A
TOTAL	\$2,359,852	\$220,000	\$150,000	\$370,000	\$1,989,852	4,083

H.8 NAVSEA 5252.232-9104 ALLOTMENT OF FUNDS (JAN 2008)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. The amount(s) presently available and allotted to this contract for payment of cost for incrementally funded CLINs/SLINs is set forth below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22), the CLINs/SLINs covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

CLIN	Performance Period	Allotted to Cost	Allotted to Fee	Total	Estimated Period Funded
7001	26 Sep 14 - 25 Sep 15	\$341,722	\$8,278	\$350,000	26 Sep 14 - 25 Sep 15
9001	26 Sep 14 - 25 Sep 15	\$ 20,000	N/A	\$ 20,000	26 Sep 14 - 25 Sep 15

(b) The parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs (N/A) are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20).

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the costs of performance of fully funded CLINs/SLINs.

H.9 5252.216-9122 LEVEL OF EFFORT – ALTERNATE 1 (MAY 2010)

(a) The Contractor agrees to provide the total level of effort specified below in performance of the work described in Sections B and C of this task order. The total level of effort for the performance of this task order shall be man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort.

The table below and information for blanks in paragraph (b) and (d) are to be completed by the Offeror.

	Total Labor Hours	Compensated	Uncompensated
Base Year (CLIN 7000)	21,734	21,734	0
Option 1 (CLIN 7100)	23,622	23,622	0
Option 2 (CLIN 7200)	23,561	23,561	0

(b) Of the total man-hours of direct labor set forth above, it is estimated that 0 man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. Total Times Accounting (TTA) efforts are included in this definition. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations (except as provided in paragraph (i) below), or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and Section C.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 38 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(d) The level of effort for this contract shall be expended at an average rate of approximately 40 hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Contracting Officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(h) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost under run; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds. All submissions shall include subcontractor information.

(i) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 0 of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional "main office" worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan.

(j) Notwithstanding any of the provisions in the above paragraphs and subject to the LIMITATION OF FUNDS or LIMITATION OF COST clauses, as applicable, the period of performance may be extended and the estimated cost may be increased in order to permit the Contractor to provide all of the man-hours listed in paragraph (a) above. The contractor shall continue to be paid fee for each man-hour performed in accordance with the terms of the contract.

H.10 5252.202-9101 ADDITIONAL DEFINITIONS (MAY 1993)

As used throughout this contract, the following terms shall have the meanings set forth below:

(a) DEPARTMENT - means the Department of the Navy.

(b) REFERENCES TO THE FEDERAL ACQUISITION REGULATION (FAR) - All references to the FAR in this

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 39 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

contract shall be deemed to also reference the appropriate sections of the Defense FAR Supplement (DFARS), unless clearly indicated otherwise.

H.11 SAVINGS INITIATIVES

The following cost savings initiatives are required under this Task Order.

Annual Labor Escalation: 3.25%

Maximum Pass-Thru Rate: 3.97%

Maximum Fixed Fee Rate: 6.0%

The Government also strongly encourages the prime contractor to eliminate “double pass-thru” costs by (1) avoiding second tier subcontractors/consultants during performance and (2) where this situation is unavoidable, limiting subcontractor pass-thru costs to the lower of (i) the prime contractor’s pass-thru rate under this order or (ii) the subcontractor’s SeaPort-e pass-thru rate where the subcontractor is also a prime contractor under SeaPort-e.

SECTION I CONTRACT CLAUSES

I.1 PROVISIONS INCORPORATED BY REFERENCE

52.215-20	Requirements for Certified Cost or Pricing Data and Data Other Than Certified Cost or Pricing Data	OCT 2010
252.227-7017	Identification and Assertion of Use, Release, or Disclosure Restrictions	JAN 2011

I.2 CLAUSES INCORPORATED BY REFERENCE

52.203-16	Preventing Personal Conflicts of Interest	DEC 2011
52.204-9	Personal Identity Verification of Contractor Personnel	JAN 2011
52.204-12	Data Universal Numbering System Number Maintenance	DEC 2012
52.204-99	System for Award Management Registration Deviation	AUG 2012
52.222-40	Notification of Employees Rights under the National Labor Relations Act	DEC 2010
52.223-18	Encouraging Contractor Policies to Ban Text Messaging While Driving	AUG 2011
52.243-7	Notification of Changes	APR 1984
252.204-7007	Annual Representations and Certifications, Alternate A	MAY 2013

All clauses incorporated by reference in the offerors MAC contract apply to this Task Order, as applicable.

CLAUSES INCORPORATED BY FULL TEXT:

I.3 52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000) (NAVSEA VARIATION) (SEP 2009)

(a) The Government may extend the term of this contract by written notice(s) to the Contractor within the periods specified below. If more than one option exists the Government has the right to unilaterally exercise any such option whether or not it has exercised other options.

ITEM(S)	LATEST OPTION EXERCISE DATE
7000,9000	Within the first 12 months after task order performance begins.
7100, 9100	After the first 12 months of task order performance and no later than 24 months after task order performance begins.
7200, 9200	After the first 24 months of task order performance and no later than 36 months after task order performance begins.

(b) The total duration of this contract, including the exercise of any option(s) under this clause, shall not exceed three (3) years, however, in accordance with paragraph (g) of the requirement of this contract entitled "LEVEL OF EFFORT" (NAVSEA 5252.216-9122), if the total manhours delineated in paragraph (a) of the LEVEL OF EFFORT requirement, have not been expended within the period specified above, the Government may require the Contractor to continue to perform the work until the total number of manhours specified in paragraph (a) of the aforementioned requirement have been expended.

I.4 252.227-7013 RIGHTS IN TECHNICAL DATA - NONCOMMERCIAL ITEMS (JUN 2013)

(a) *Definitions.* As used in this clause—

(1) "Computer data base" means a collection of data recorded in a form capable of being processed by a computer. The term does not include computer software.

(2) "Computer program" means a set of instructions, rules, or routines recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(3) "Computer software" means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer data bases or

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 41 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

computer software documentation.

(4) “Computer software documentation” means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using the software.

(5) "Covered Government support contractor" means a contractor under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government’s management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or effort), provided that the contractor—

(i) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(ii) Receives access to technical data or computer software for performance of a Government contract that contains the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(6) “Detailed manufacturing or process data” means technical data that describe the steps, sequences, and conditions of manufacturing, processing or assembly used by the manufacturer to produce an item or component or to perform a process.

(7) “Developed” means that an item, component, or process exists and is workable. Thus, the item or component must have been constructed or the process practiced. Workability is generally established when the item, component, or process has been analyzed or tested sufficiently to demonstrate to reasonable people skilled in the applicable art that there is a high probability that it will operate as intended. Whether, how much, and what type of analysis or testing is required to establish workability depends on the nature of the item, component, or process, and the state of the art. To be considered “developed,” the item, component, or process need not be at the stage where it could be offered for sale or sold on the commercial market, nor must the item, component, or process be actually reduced to practice within the meaning of Title 35 of the United States Code.

(8) “Developed exclusively at private expense” means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a government contract, or any combination thereof.

(i) Private expense determinations should be made at the lowest practicable level.

(ii) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at government, private, or mixed expense.

(9) “Developed exclusively with government funds” means development was not accomplished exclusively or partially at private expense.

(10) “Developed with mixed funding” means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

(11) “Form, fit, and function data” means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items.

(12) “Government purpose” means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data for commercial purposes or authorize others to do so.

(13) “Government purpose rights” means the rights to—

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 42 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(i) Use, modify, reproduce, release, perform, display, or disclose technical data within the Government without restriction; and

(ii) Release or disclose technical data outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose that data for United States government purposes.

(14) "Limited rights" means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government. The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release, or disclose such data or authorize the use or reproduction of the data by persons outside the Government if—

(i) The reproduction, release, disclosure, or use is—

(A) Necessary for emergency repair and overhaul; or

(B) A release or disclosure to—

(1) A covered Government support contractor in performance of its covered Government support contract for use, modification, reproduction, performance, display, or release or disclosure to a person authorized to receive limited rights technical data; or

(2) A foreign government, of technical data other than detailed manufacturing or process data, when use of such data by the foreign government is in the interest of the Government and is required for evaluational or informational purposes;

(ii) The recipient of the technical data is subject to a prohibition on the further reproduction, release, disclosure, or use of the technical data; and

(iii) The contractor or subcontractor asserting the restriction is notified of such reproduction, release, disclosure, or use.

(15) "Technical data" means recorded information, regardless of the form or method of the recording, of a scientific or technical nature (including computer software documentation). The term does not include computer software or data incidental to contract administration, such as financial and/or management information.

(16) "Unlimited rights" means rights to use, modify, reproduce, perform, display, release, or disclose technical data in whole or in part, in any manner, and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Rights in technical data.* The Contractor grants or shall obtain for the Government the following royalty free, world-wide, nonexclusive, irrevocable license rights in technical data other than computer software documentation (see the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause of this contract for rights in computer software documentation):

(1) *Unlimited rights.* The Government shall have unlimited rights in technical data that are—

(i) Data pertaining to an item, component, or process which has been or will be developed exclusively with Government funds;

(ii) Studies, analyses, test data, or similar data produced for this contract, when the study, analysis, test, or similar work was specified as an element of performance;

(iii) Created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;

(iv) Form, fit, and function data;

(v) Necessary for installation, operation, maintenance, or training purposes (other than detailed

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 43 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

manufacturing or process data);

(vi) Corrections or changes to technical data furnished to the Contractor by the Government;

(vii) Otherwise publicly available or have been released or disclosed by the Contractor or subcontractor without restrictions on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(viii) Data in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations; or

(ix) Data furnished to the Government, under this or any other Government contract or subcontract thereunder, with—

(A) Government purpose license rights or limited rights and the restrictive condition(s) has/have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such data for commercial purposes has expired.

(2) *Government purpose rights.*

(i) The Government shall have government purpose rights for a five-year period, or such other period as may be negotiated, in technical data—

(A) That pertain to items, components, or processes developed with mixed funding except when the Government is entitled to unlimited rights in such data as provided in paragraphs (b)(1)(ii) and (b)(1)(iv) through (b)(1)(ix) of this clause; or

(B) Created with mixed funding in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The five-year period, or such other period as may have been negotiated, shall commence upon execution of the contract, subcontract, letter contract (or similar contractual instrument), contract modification, or option exercise that required development of the items, components, or processes or creation of the data described in paragraph (b)(2)(i)(B) of this clause. Upon expiration of the five-year or other negotiated period, the Government shall have unlimited rights in the technical data.

(iii) The Government shall not release or disclose technical data in which it has government purpose rights unless—

(A) Prior to release or disclosure, the intended recipient is subject to the non-disclosure agreement at [227.7103-7](#) of the Defense Federal Acquisition Regulation Supplement (DFARS); or

(B) The recipient is a Government contractor receiving access to the data for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(iv) The Contractor has the exclusive right, including the right to license others, to use technical data in which the Government has obtained government purpose rights under this contract for any commercial purpose during the time period specified in the government purpose rights legend prescribed in paragraph (f)(2) of this clause.

(3) *Limited rights.*

(i) Except as provided in paragraphs (b)(1)(ii) and (b)(1)(iv) through (b)(1)(ix) of this clause, the Government shall have limited rights in technical data—

(A) Pertaining to items, components, or processes developed exclusively at private expense and marked with the limited rights legend prescribed in paragraph (f) of this clause; or

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 44 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes.

(ii) The Government shall require a recipient of limited rights data for emergency repair or overhaul to destroy the data and all copies in its possession promptly following completion of the emergency repair/overhaul and to notify the Contractor that the data have been destroyed.

(iii) The Contractor, its subcontractors, and suppliers are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All technical data in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract. The license shall enumerate the additional rights granted the Government in such data.

(iv) The Contractor acknowledges that—

(A) Limited rights data are authorized to be released or disclosed to covered Government support contractors;

(B) The Contractor will be notified of such release or disclosure;

(C) The Contractor (or the party asserting restrictions as identified in the limited rights legend) may require each such covered Government support contractor to enter into a non-disclosure agreement directly with the Contractor (or the party asserting restrictions) regarding the covered Government support contractor's use of such data, or alternatively, that the Contractor (or party asserting restrictions) may waive in writing the requirement for a non-disclosure agreement; and

(D) Any such non-disclosure agreement shall address the restrictions on the covered Government support contractor's use of the limited rights data as set forth in the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The non-disclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the non-disclosure agreement.

(4) *Specifically negotiated license rights.* The standard license rights granted to the Government under paragraphs (b)(1) through (b)(3) of this clause, including the period during which the Government shall have government purpose rights in technical data, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights than are enumerated in paragraph (a)(14) of this clause. Any rights so negotiated shall be identified in a license agreement made part of this contract.

(5) *Prior government rights.* Technical data that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

(i) The parties have agreed otherwise; or

(ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(6) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of technical data made in accordance with paragraph (a)(14) or (b)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (b)(4) of this clause, or by others to whom the recipient has released or disclosed the data and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor data marked with restrictive legends.

(c) *Contractor rights in technical data.* All rights not granted to the Government are retained by the Contractor.

(d) *Third party copyrighted data.* The Contractor shall not, without the written approval of the Contracting

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 45 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

Officer, incorporate any copyrighted data in the technical data to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable data of the appropriate scope set forth in paragraph (b) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the data transmittal document.

(e) *Identification and delivery of data to be furnished with restrictions on use, release, or disclosure.*

(1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (e)(3) of this clause, technical data that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any data with restrictive markings unless the data are listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the data, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release,
or Disclosure of Technical Data.

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following technical data should be restricted—

Technical Data to be Furnished With Restrictions*	Basis for Assertion**	Asserted Rights Category***	Name of Person Asserting Restrictions****
(LIST)	(LIST)	(LIST)	(LIST)

*If the assertion is applicable to items, components, or processes developed at private expense, identify both the data and each such item, component, or process.

**Generally, the development of an item, component, or process at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose technical data pertaining to such items, components, or processes. Indicate whether development was exclusively or partially at private expense. If development was not at private expense, enter the specific reason for asserting that the Government's rights should be restricted.

***Enter asserted rights category (e.g., government purpose license rights from a prior contract, rights in SBIR data generated under another contract, limited or government purpose rights under this or a prior contract, or specifically negotiated licenses).

****Corporation, individual, or other person, as appropriate.

Date _____
Printed Name and Title _____

Signature _____

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures of the Validation of Restrictive Markings on Technical Data clause of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 46 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data to be delivered under this contract by marking the deliverable data subject to restriction. Except as provided in paragraph (f)(5) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (f)(2) of this clause; the limited rights legend at paragraph (f)(3) of this clause; or the special license rights legend at paragraph (f)(4) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all technical data that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, each page of the printed material containing technical data for which restrictions are asserted. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, with a note, or other appropriate identifier. Technical data transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. Reproductions of technical data or any portions thereof subject to asserted restrictions shall also reproduce the asserted restrictions.

(2) *Government purpose rights markings.* Data delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

GOVERNMENT PURPOSE RIGHTS

Contract No. _____
Contractor Name _____
Contractor Address _____

Expiration Date _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(2) of the Rights in Technical Data—Noncommercial Items clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(3) *Limited rights markings.* Data delivered or otherwise furnished to the Government with limited rights shall be marked with the following legend:

LIMITED RIGHTS

Contract No. _____
Contractor Name _____
Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(3) of the Rights in Technical Data--Noncommercial Items clause contained in the above identified contract. Any reproduction of technical data or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such data must promptly notify the above named Contractor.

(End of legend)

(4) *Special license rights markings.*

(i) Data in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data are restricted by Contract No. ____ (Insert contract number)____, License No. ____ (Insert license identifier)____. Any reproduction

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 47 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

of technical data or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(5) of this clause).

(5) *Pre-existing data markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data deliverable under this contract, and those restrictions are still applicable, the Contractor may mark such data with the appropriate restrictive legend for which the data qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver technical data with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on technical data delivered under this contract.

(h) *Removal of unjustified and nonconforming markings.*

(1) *Unjustified technical data markings.* The rights and obligations of the parties regarding the validation of restrictive markings on technical data furnished or to be furnished under this contract are contained in the Validation of Restrictive Markings on Technical Data clause of this contract. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures in the Validation of Restrictive Markings on Technical Data clause of this contract, a restrictive marking is determined to be unjustified.

(2) *Nonconforming technical data markings.* A nonconforming marking is a marking placed on technical data delivered or otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of Restrictive Markings on Technical Data clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking and the Contractor fails to remove or correct such marking within sixty (60) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming marking.

(i) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in technical data.*

(1) The Contractor shall not charge to this contract any cost, including, but not limited to, license fees, royalties, or similar charges, for rights in technical data to be delivered under this contract when—

- (i) The Government has acquired, by any means, the same or greater rights in the data; or
- (ii) The data are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier technical data, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data will be delivered.

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 48 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(k) *Applicability to subcontractors or suppliers.*

(1) The Contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. 2320, 10 U.S.C. 2321, and the identification, assertion, and delivery processes of paragraph (e) of this clause are recognized and protected.

(2) Whenever any technical data for noncommercial items, or for commercial items developed in any part at Government expense, is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in the subcontract or other contractual instrument, including subcontracts or other contractual instruments for commercial items, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. This clause will govern the technical data pertaining to noncommercial items or to any portion of a commercial item that was developed in any part at Government expense, and the clause at [252.227-7015](#) will govern the technical data pertaining to any portion of a commercial item that was developed exclusively at private expense. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data.

(3) Technical data required to be delivered by a subcontractor or supplier shall normally be delivered to the next higher-tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for data which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such data directly to the Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(4) The Contractor and higher-tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in technical data from their subcontractors or suppliers.

(5) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data as an excuse for failing to satisfy its contractual obligation to the Government.

I.5 252.227-7014 RIGHTS IN NONCOMMERCIAL COMPUTER SOFTWARE AND NONCOMMERCIAL SOFTWARE DOCUMENTATION (MAY 2013)

(a) *Definitions.* As used in this clause—

(1) “Commercial computer software” means software developed or regularly used for non-governmental purposes which—

(i) Has been sold, leased, or licensed to the public;

(ii) Has been offered for sale, lease, or license to the public;

(iii) Has not been offered, sold, leased, or licensed to the public but will be available for commercial sale, lease, or license in time to satisfy the delivery requirements of this contract; or

(iv) Satisfies a criterion expressed in paragraph (a)(1)(i), (ii), or (iii) of this clause and would require only minor modification to meet the requirements of this contract.

(2) “Computer database” means a collection of recorded data in a form capable of being processed by a computer. The term does not include computer software.

(3) “Computer program” means a set of instructions, rules, or routines, recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(4) “Computer software” means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer databases or computer software documentation.

(5) “Computer software documentation” means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 49 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

capabilities of the computer software or provide instructions for using the software.

(6) "Covered Government support contractor" means a contractor under a contract, the primary purpose of which is to furnish independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of a program or effort (rather than to directly furnish an end item or service to accomplish a program or effort), provided that the contractor—

(i) Is not affiliated with the prime contractor or a first-tier subcontractor on the program or effort, or with any direct competitor of such prime contractor or any such first-tier subcontractor in furnishing end items or services of the type developed or produced on the program or effort; and

(ii) Receives access to technical data or computer software for performance of a Government contract that contains the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends.

(7) "Developed" means that—

(i) A computer program has been successfully operated in a computer and tested to the extent sufficient to demonstrate to reasonable persons skilled in the art that the program can reasonably be expected to perform its intended purpose;

(ii) Computer software, other than computer programs, has been tested or analyzed to the extent sufficient to demonstrate to reasonable persons skilled in the art that the software can reasonably be expected to perform its intended purpose; or

(iii) Computer software documentation required to be delivered under a contract has been written, in any medium, in sufficient detail to comply with requirements under that contract.

(8) "Developed exclusively at private expense" means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a government contract, or any combination thereof.

(i) Private expense determinations should be made at the lowest practicable level.

(ii) Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at government, private, or mixed expense.

(9) "Developed exclusively with government funds" means development was not accomplished exclusively or partially at private expense.

(10) "Developed with mixed funding" means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a government contract, and partially with costs charged directly to a government contract.

(11) "Government purpose" means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations or sales or transfers by the United States Government to foreign governments or international organizations. Government purposes include competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation for commercial purposes or authorize others to do so.

(12) "Government purpose rights" means the rights to—

(i) Use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation within the Government without restriction; and

(ii) Release or disclose computer software or computer software documentation outside the Government and authorize persons to whom release or disclosure has been made to use, modify, reproduce, release, perform, display, or disclose the software or documentation for United States government purposes.

(13) "Minor modification" means a modification that does not significantly alter the nongovernmental

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 50 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

function or purpose of the software or is of the type customarily provided in the commercial marketplace.

(14) “Noncommercial computer software” means software that does not qualify as commercial computer software under paragraph (a)(1) of this clause.

(15) “Restricted rights” apply only to noncommercial computer software and mean the Government's rights to—

(i) Use a computer program with one computer at one time. The program may not be accessed by more than one terminal or central processing unit or time shared unless otherwise permitted by this contract;

(ii) Transfer a computer program to another Government agency without the further permission of the Contractor if the transferor destroys all copies of the program and related computer software documentation in its possession and notifies the licensor of the transfer. Transferred programs remain subject to the provisions of this clause;

(iii) Make the minimum number of copies of the computer software required for safekeeping (archive), backup, or modification purposes;

(iv) Modify computer software provided that the Government may—

(A) Use the modified software only as provided in paragraphs (a)(15)(i) and (iii) of this clause; and

(B) Not release or disclose the modified software except as provided in paragraphs (a)(15)(ii), (v), (vi) and (vii) of this clause;

(v) Permit contractors or subcontractors performing service contracts (see 37.101 of the Federal Acquisition Regulation) in support of this or a related contract to use computer software to diagnose and correct deficiencies in a computer program, to modify computer software to enable a computer program to be combined with, adapted to, or merged with other computer programs or when necessary to respond to urgent tactical situations, provided that—

(A) The Government notifies the party which has granted restricted rights that a release or disclosure to particular contractors or subcontractors was made;

(B) Such contractors or subcontractors are subject to the use and non-disclosure agreement at [227.7103-7](#) of the Defense Federal Acquisition Regulation Supplement (DFARS) or are Government contractors receiving access to the software for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;

(C) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(15)(iv) of this clause, for any other purpose; and

(D) Such use is subject to the limitations in paragraphs (a)(15)(i) through (iii) of this clause;

(vi) Permit contractors or subcontractors performing emergency repairs or overhaul of items or components of items procured under this or a related contract to use the computer software when necessary to perform the repairs or overhaul, or to modify the computer software to reflect the repairs or overhaul made, provided that—

(A) The intended recipient is subject to the use and non-disclosure agreement at DFARS [227.7103-7](#) or is a Government contractor receiving access to the software for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends;

(B) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 51 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

pursuant to paragraph (a)(15)(iv) of this clause, for any other purpose; and

(C) Such use is subject to the limitations in paragraphs (a)(15)(i) through (iii) of this clause; and

(vii) Permit covered Government support contractors in the performance of covered Government support contracts that contain the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends, to use, modify, reproduce, perform, display, or release or disclose the computer software to a person authorized to receive restricted rights computer software, provided that—

(A) The Government shall not permit the covered Government support contractor to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (a)(15)(iv) of this clause, for any other purpose; and

(B) Such use is subject to the limitations in paragraphs (a)(15)(i) through (iv) of this clause.

(16) “Unlimited rights” means rights to use, modify, reproduce, release, perform, display, or disclose computer software or computer software documentation in whole or in part, in any manner and for any purpose whatsoever, and to have or authorize others to do so.

(b) *Rights in computer software or computer software documentation.* The Contractor grants or shall obtain for the Government the following royalty free, world-wide, nonexclusive, irrevocable license rights in noncommercial computer software or computer software documentation. All rights not granted to the Government are retained by the Contractor.

(1) *Unlimited rights.* The Government shall have unlimited rights in—

(i) Computer software developed exclusively with Government funds;

(ii) Computer software documentation required to be delivered under this contract;

(iii) Corrections or changes to computer software or computer software documentation furnished to the Contractor by the Government;

(iv) Computer software or computer software documentation that is otherwise publicly available or has been released or disclosed by the Contractor or subcontractor without restriction on further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the software to another party or the sale or transfer of some or all of a business entity or its assets to another party;

(v) Computer software or computer software documentation obtained with unlimited rights under another Government contract or as a result of negotiations; or

(vi) Computer software or computer software documentation furnished to the Government, under this or any other Government contract or subcontract thereunder with—

(A) Restricted rights in computer software, limited rights in technical data, or government purpose license rights and the restrictive conditions have expired; or

(B) Government purpose rights and the Contractor's exclusive right to use such software or documentation for commercial purposes has expired.

(2) *Government purpose rights.*

(i) Except as provided in paragraph (b)(1) of this clause, the Government shall have government purpose rights in computer software developed with mixed funding.

(ii) Government purpose rights shall remain in effect for a period of five years unless a different period has been negotiated. Upon expiration of the five-year or other negotiated period, the Government shall have unlimited rights in the computer software or computer software documentation. The government purpose rights period shall commence upon execution of the contract, subcontract, letter contract (or similar contractual

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 52 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

instrument), contract modification, or option exercise that required development of the computer software.

(iii) The Government shall not release or disclose computer software in which it has government purpose rights to any other person unless—

(A) Prior to release or disclosure, the intended recipient is subject to the use and non-disclosure agreement at DFARS [227.7103-7](#); or

(B) The recipient is a Government contractor receiving access to the software or documentation for performance of a Government contract that contains the clause at DFARS [252.227-7025](#), Limitations on the Use or Disclosure of Government Furnished Information Marked with Restrictive Legends.

(3) *Restricted rights.*

(i) The Government shall have restricted rights in noncommercial computer software required to be delivered or otherwise provided to the Government under this contract that were developed exclusively at private expense.

(ii) The Contractor, its subcontractors, or suppliers are not required to provide the Government additional rights in noncommercial computer software delivered or otherwise provided to the Government with restricted rights. However, if the Government desires to obtain additional rights in such software, the Contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All noncommercial computer software in which the Contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract (see paragraph (b)(4) of this clause). The license shall enumerate the additional rights granted the Government.

(iii) The Contractor acknowledges that—

(A) Restricted rights computer software is authorized to be released or disclosed to covered Government support contractors;

(B) The Contractor will be notified of such release or disclosure;

(C) The Contractor (or the party asserting restrictions, as identified in the restricted rights legend) may require each such covered Government support contractor to enter into a non-disclosure agreement directly with the Contractor (or the party asserting restrictions) regarding the covered Government support contractor's use of such software, or alternatively, that the Contractor (or party asserting restrictions) may waive in writing the requirement for a non-disclosure agreement; and

(D) Any such non-disclosure agreement shall address the restrictions on the covered Government support contractor's use of the restricted rights software as set forth in the clause at [252.227-7025](#), Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends. The non-disclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the non-disclosure agreement.

(4) *Specifically negotiated license rights.*

(i) The standard license rights granted to the Government under paragraphs (b)(1) through (b)(3) of this clause, including the period during which the Government shall have government purpose rights in computer software, may be modified by mutual agreement to provide such rights as the parties consider appropriate but shall not provide the Government lesser rights in computer software than are enumerated in paragraph (a)(15) of this clause or lesser rights in computer software documentation than are enumerated in paragraph (a)(14) of the Rights in Technical Data--Noncommercial Items clause of this contract.

(ii) Any rights so negotiated shall be identified in a license agreement made part of this contract.

(5) *Prior government rights.* Computer software or computer software documentation that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 53 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

(i) The parties have agreed otherwise; or

(ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(6) *Release from liability.* The Contractor agrees to release the Government from liability for any release or disclosure of computer software made in accordance with paragraph (a)(15) or (b)(2)(iii) of this clause, in accordance with the terms of a license negotiated under paragraph (b)(4) of this clause, or by others to whom the recipient has released or disclosed the software, and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed Contractor software marked with restrictive legends.

(c) *Rights in derivative computer software or computer software documentation.* The Government shall retain its rights in the unchanged portions of any computer software or computer software documentation delivered under this contract that the Contractor uses to prepare, or includes in, derivative computer software or computer software documentation.

(d) *Third party copyrighted computer software or computer software documentation.* The Contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted computer software or computer software documentation in the software or documentation to be delivered under this contract unless the Contractor is the copyright owner or has obtained for the Government the license rights necessary to perfect a license or licenses in the deliverable software or documentation of the appropriate scope set forth in paragraph (b) of this clause, and prior to delivery of such—

(1) Computer software, has provided a statement of the license rights obtained in a form acceptable to the Contracting Officer; or

(2) Computer software documentation, has affixed to the transmittal document a statement of the license rights obtained.

(e) *Identification and delivery of computer software and computer software documentation to be furnished with restrictions on use, release, or disclosure.*

(1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (e)(3) of this clause, computer software that the Contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure is identified in an attachment to this contract (the Attachment). The Contractor shall not deliver any software with restrictive markings unless the software is listed on the Attachment.

(3) In addition to the assertions made in the Attachment, other assertions may be identified after award when based on new information or inadvertent omissions unless the inadvertent omissions would have materially affected the source selection decision. Such identification and assertion shall be submitted to the Contracting Officer as soon as practicable prior to the scheduled date for delivery of the software, in the following format, and signed by an official authorized to contractually obligate the Contractor:

Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Computer Software.

The Contractor asserts for itself, or the persons identified below, that the Government's rights to use, release, or disclose the following computer software should be restricted:

Computer Software to be Furnished With Restrictions*	Basis for Assertion**	Asserted Rights Category***	Name of Person Asserting Restrictions****
(LIST)	(LIST)	(LIST)	(LIST)

*Generally, development at private expense, either exclusively or partially, is the only basis for asserting restrictions on the Government's rights to use, release, or disclose computer software.

**Indicate whether development was exclusively or partially at private expense. If development

 Printed Name and Title _____

 Signature _____

(End of identification and assertion)

(4) When requested by the Contracting Officer, the Contractor shall provide sufficient information to enable the Contracting Officer to evaluate the Contractor's assertions. The Contracting Officer reserves the right to add the Contractor's assertions to the Attachment and validate any listed assertion, at a later date, in accordance with the procedures of the Validation of Asserted Restrictions—Computer Software clause of this contract.

(f) *Marking requirements.* The Contractor, and its subcontractors or suppliers, may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose computer software by marking the deliverable software or documentation subject to restriction. Except as provided in paragraph (f)(5) of this clause, only the following legends are authorized under this contract: the government purpose rights legend at paragraph (f)(2) of this clause; the restricted rights legend at paragraph (f)(3) of this clause; or the special license rights legend at paragraph (f)(4) of this clause; and/or a notice of copyright as prescribed under 17 U.S.C. 401 or 402.

(1) *General marking instructions.* The Contractor, or its subcontractors or suppliers, shall conspicuously and legibly mark the appropriate legend on all computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or software storage container and each page, or portions thereof, of printed material containing computer software for which restrictions are asserted. Computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. However, instructions that interfere with or delay the operation of computer software in order to display a restrictive rights legend or other license statement at any time prior to or during use of the computer software, or otherwise cause such interference or delay, shall not be inserted in software that will or might be used in combat or situations that simulate combat conditions, unless the Contracting Officer's written permission to deliver such software has been obtained prior to delivery. Reproductions of computer software or any portions thereof subject to asserted restrictions, shall also reproduce the asserted restrictions.

(2) *Government purpose rights markings.* Computer software delivered or otherwise furnished to the Government with government purpose rights shall be marked as follows:

GOVERNMENT PURPOSE RIGHTS

Contract No. _____
 Contractor Name _____
 Contractor Address _____

 Expiration Date _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(2) of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the above identified contract. No restrictions apply after the expiration date shown above. Any reproduction of the software or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(3) *Restricted rights markings.* Software delivered or otherwise furnished to the Government with restricted rights shall be marked with the following legend:

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 55 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

RESTRICTED RIGHTS

Contract No. _____
Contractor Name _____
Contractor Address _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this software are restricted by paragraph (b)(3) of the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation clause contained in the above identified contract. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such software must promptly notify the above named Contractor.

(End of legend)

(4) *Special license rights markings.*

(i) Computer software or computer software documentation in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

SPECIAL LICENSE RIGHTS

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these data are restricted by Contract No. ____ (Insert contract number) ____, License No. ____ (Insert license identifier) ____. Any reproduction of computer software, computer software documentation, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(ii) For purposes of this clause, special licenses do not include government purpose license rights acquired under a prior contract (see paragraph (b)(5) of this clause).

(5) *Pre-existing markings.* If the terms of a prior contract or license permitted the Contractor to restrict the Government's rights to use, modify, release, perform, display, or disclose computer software or computer software documentation and those restrictions are still applicable, the Contractor may mark such software or documentation with the appropriate restrictive legend for which the software qualified under the prior contract or license. The marking procedures in paragraph (f)(1) of this clause shall be followed.

(g) *Contractor procedures and records.* Throughout performance of this contract, the Contractor and its subcontractors or suppliers that will deliver computer software or computer software documentation with other than unlimited rights, shall—

(1) Have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this clause; and

(2) Maintain records sufficient to justify the validity of any restrictive markings on computer software or computer software documentation delivered under this contract.

(h) *Removal of unjustified and nonconforming markings.*

(1) *Unjustified computer software or computer software documentation markings.* The rights and obligations of the parties regarding the validation of restrictive markings on computer software or computer software documentation furnished or to be furnished under this contract are contained in the Validation of Asserted Restrictions--Computer Software and the Validation of Restrictive Markings on Technical Data clauses of this contract, respectively. Notwithstanding any provision of this contract concerning inspection and acceptance, the Government may ignore or, at the Contractor's expense, correct or strike a marking if, in accordance with the procedures of those clauses, a restrictive marking is determined to be unjustified.

(2) *Nonconforming computer software or computer software documentation markings.* A nonconforming marking is a marking placed on computer software or computer software documentation delivered or

CONTRACT NO. N00178-14-D-7693	DELIVERY ORDER NO. 0002	AMENDMENT/MODIFICATION NO. 02	PAGE 56 of 57	FINAL
----------------------------------	----------------------------	----------------------------------	------------------	-------

otherwise furnished to the Government under this contract that is not in the format authorized by this contract. Correction of nonconforming markings is not subject to the Validation of Asserted Restrictions--Computer Software or the Validation of Restrictive Markings on Technical Data clause of this contract. If the Contracting Officer notifies the Contractor of a nonconforming marking or markings and the Contractor fails to remove or correct such markings within sixty (60) days, the Government may ignore or, at the Contractor's expense, remove or correct any nonconforming markings.

(i) *Relation to patents.* Nothing contained in this clause shall imply a license to the Government under any patent or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(j) *Limitation on charges for rights in computer software or computer software documentation.*

(1) The Contractor shall not charge to this contract any cost, including but not limited to license fees, royalties, or similar charges, for rights in computer software or computer software documentation to be delivered under this contract when—

(i) The Government has acquired, by any means, the same or greater rights in the software or documentation; or

(ii) The software or documentation are available to the public without restrictions.

(2) The limitation in paragraph (j)(1) of this clause—

(i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the Contractor to acquire rights in subcontractor or supplier computer software or computer software documentation, if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and

(ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the software or documentation will be delivered.

(k) *Applicability to subcontractors or suppliers.*

(1) Whenever any noncommercial computer software or computer software documentation is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the Contractor shall use this same clause in its subcontracts or other contractual instruments, and require its subcontractors or suppliers to do so, without alteration, except to identify the parties. No other clause shall be used to enlarge or diminish the Government's, the Contractor's, or a higher tier subcontractor's or supplier's rights in a subcontractor's or supplier's computer software or computer software documentation.

(2) The Contractor and higher tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in computer software or computer software documentation from their subcontractors or suppliers.

(3) The Contractor shall ensure that subcontractor or supplier rights are recognized and protected in the identification, assertion, and delivery processes required by paragraph (e) of this clause.

(4) In no event shall the Contractor use its obligation to recognize and protect subcontractor or supplier rights in computer software or computer software documentation as an excuse for failing to satisfy its contractual obligation to the Government.
